[Despatch Abstract.]

Medicines for civil Hospitals

Come to the Surg. Genl
letter from the Govt forward-
ing a list of medicines and
requesting that medical
officers in civil employ may
be instructed to restrict
their orders on the medical
store depots to the articles
mentioned therein, and
prescribing a pecuniary
limit up to which other
medicines may be pur-
chased from private
chemists.

31st OCTOBER 1894, No. 815, PUBLIC.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From J. P. HEWETT, Esq., C.I.E., Officiating Secretary to the Government of India, Home Department (Medical), to the Chief Secretary to the Government of Madras, dated Simla, the 9th October 1894, No. 616-8-Med.

I am directed to forward a copy of a list of medicines to be supplied on ordinary requisitions from Medical Store Depôts, which has been adopted to meet the requirements of hospitals for British and Native troops. The Government of India consider that it is desirable to limit in the same manner the demands on the Government Medical Store Depôts of medical officers in civil employ for medicines and drugs required for civil hospitals and dispensaries.

2. I am to request that, if His Excellency the Governor in Council sees no objection, the necessary instructions may be issued to medical officers in civil employ to restrict their indents on the Medical Store Depôts to the articles mentioned in this list.

3. It has also been suggested to the Government of India that, in order to provide for extraordinary demands for medicines not entered in this list, in cases of exceptional illness, Civil Medical Officers should be authorized to purchase such medicines from the nearest private chemist up to a limit of Rs. 5 for each purchase and up to an annual limit of Rs. 50. This expenditure, it has been suggested, might be subsequently recovered on a contingent bill, under the countersignature of the administrative Medical Officer of the Province. If in any particular case it is found impracticable to restrict the purchase of medicines to the annual limit of Rs. 50, a reference could be made to the local Government or Administration for an increased grant.

4. I am to request that, if His Excellency the Governor in Council sees no objection to the proposals mentioned in paragraph 3, orders giving effect to them may also be issued.

5. I am to add that the list now forwarded does not include surgical instruments or hospital necessities, which should be obtained as before.

ENCLOSURE.

Offg. Secretary to the Government of India,

TO

The Chief Secy. to the Govt. of Madras.

Home Department.
Medical.

Simla, the 9th October 1894.

SIR,

I AM directed to forward a copy of a list of medicines to be supplied on ordinary requisitions from Medical Store Depôts, which has been adopted to meet the requirements of hospitals for British and Native Troops. The Government of India consider that it is desirable to limit in the same manner the demands on the Government Medical Store Depôts of Medical Officers in civil employ for medicines and drugs required for civil hospitals and dispensaries.

2. I am to request that, if *His Excellency the Governor*
in Council *see* no
objection, the necessary instructions may be issued to Medical Officers in civil employ to restrict their indents on the Medical Store Depôts to the articles mentioned in this list.

3. It has also been suggested to the Government of India that, in order to provide for extraordinary demands for medicines not entered in this list, in cases of exceptional illness, Civil Medical Officers should be authorized to purchase such medicines from the nearest private chemist up to a limit of Rs. 5 for each purchase and up to an annual limit of Rs. 50. This expenditure, it has been suggested, might be subsequently recovered on a contingent bill, under the countersignature of the administrative Medical Officer of the Province. If in any particular case it is found impracticable to restrict the purchase of medicines to the annual limit of Rs. 50, a reference could be made to the Local Government or Administration for an increased grant.

4. I am to request that, if *His Excellency the Governor*
in Council *see* no
objection to the proposals mentioned in paragraph 3, orders giving effect to them may also be issued.

5. I am to add that the list now forwarded does not include surgical instruments or hospital necessities, which should be obtained as before.

I have the honour to be,

SIR,

Your most obedient Servant,

J. P. Hewett.

Offg. Secretary to the Government of India.
