With reference to the Military Department
G.O's marginally quoted, it will be seen that
the Government of India have

- (1) approved of the revised list of medicines
to be obtained from Medical Store Depôts
on ordinary requisitions
- (2) abolished all Emergent requisitions, and
- (3) Authorized Executive Medical Officers
to make purchases of medicines when
necessary to the extent of Rs 57. subject
to a limit of Rs 507. per annum for
each Officer.

2. In the Civil Department however under
G.O.N. 457 Public dated the 1st July 1892, the
Principal Medical Storekeeper Madras
is permitted to purchase medicines not
available at the Depôt for the use of
Presidency State Hospital to the extent
of Rs 2007. per annum.

3. As it is very desirable that the system both in the Military and Civil Departments should as far as practicable be uniform in this respect, I would recommend that the Military system may be made applicable to the Civil Department and the Medical officers in charge of the State Hospitals in Madras be allowed to make their own purchases without the Agency of the Store Depot to the extent specified against each institution in the margin - This arrangement will save delay to the Hospitals concerned and unnecessary work to the Depot -
