FROM

Colonel K. J. A. Mackenzie, C. I. E.

Offg: RESIDENT AT HYDERABAD,

TO

The Secretary to the Government,
Madras.

Dated HYD. RESIDENCY THE 7th October 1894.

SIR,

I have the honor to reply to your letter No. 600, dated the 17th August last, regarding the position of the Surgeon General with the Government of Madras in respect of the Civil Hospital at Secunderabad.

This hospital is maintained partly at the expense of the Government of India, and the officer in medical charge of it is a Military officer belonging to the garrison.

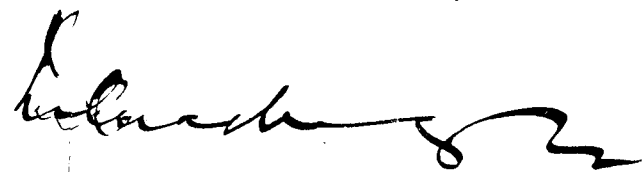

Yours
Sincerely,
Thos. Mackenzie

This being so, it appears to me that there can be no objection to that officer being placed in subordination, as regards his duties at the hospital, to the Surgeon General with the Government of Madras and the District Principal Medical Officer, Secunderabad.

3 If the Government of Madras agree in the above view, the assent of the Government of India will be obtained to the arrangement proposed, and it will then remain with the Surgeon General to direct the submission to himself through the proper channel of such reports and returns as he may require.

I have the honor to be,
Sir

Your most obedient servant,

offg. Resident

SIR,

with returned

With reference to your No 2218 dated
18 October/94 regarding the Civil Hospital
at Secunderabad as that hospital is under
the Resident who is practically the Local
Government there, I do not consider it is
desirable that the Surgeon^{General} with the Govt.
of Madras should have anything to do with
it.

It is not worked in accordance with the
rules holding good in the Indian Army
and I have nothing to do with the Local
Government there.

2 The Staff Surgeon Secunderabad who
is also Civil Surgeon Secunderabad being
a Military Medical Officer is under the
orders of the Principal Medical Officer of
the Secunderabad District who should in
my opinion, inspect and supervise this
hospital

hospital and see that the orders of the local Government concerning such hospitals are carried out, reporting direct to Resident re-
-garding it.

3 If however it is considered advisable that the Surgeon General with the Government of Madras should supervise it, it will be necessary to settle whether, in future, it is to be worked on the lines of the rules re-
-garding such hospitals in the Madras Presidency, the exact relationship of the District Principal Medical Officer to it, as he is not under any orders in any way, how often it should be inspected and from what sources the travelling expenses of the Surgeon General is to be paid from as this would not be a legitimate charge against the Madras Budget.

The question of what administration report the statistics regarding it are to appear should also be settled.

I have the honor to be,
Sir,

Your most obedt. servant

Chittenden
