Regulations for the Examination of Candidates for Admission to Her Majesty's Indian Medical Service.

1. The regulations are those in force at the present time. They are subject to any alterations that may be determined on.

2. All natural-born subjects of Her Majesty between 21 and 28 years of age at the date of the examination and of sound bodily health, may be candidates. They may be married or unmarried. They must possess a diploma or diplomas entitling them under the Medical Acts to practise both medicine and surgery in Great Britain and Ireland.

Limits of age.

3. They must subscribe and send in to the Military Secretary, India Office, Westminster, so as to reach that address at least a fortnight before the date fixed for the Examination, a declaration according to the annexed form.

Declaration to be submitted.

4. This declaration must be accompanied by the following documents:—

a. *Proof of age*, either by Registrar General's certificate, or where such certificate is unattainable, by the candidate's own statutory declaration, form of which can be obtained at the India Office, supported, if required by the Secretary of State, by such evidence as he may consider satisfactory. A certificate of baptism which does not afford proof of age will be useless.

b. A recommendation from some person of standing in society—not a member of his own family—to the effect that he is of regular and steady habits and likely in every respect to prove creditable to the service if admitted; and a certificate of moral character from a magistrate, or a minister of the religious denomination to which the candidate belongs.

c. A *certificate of registration*, under the Medical Acts, of the degrees, diplomas, and licenses possessed by the candidate.

5. The physical fitness of each candidate will be determined previous to examination, by a Board of Medical Officers, who are required to certify that his vision is sufficiently good to enable him to perform any surgical operation without the aid of glasses. A moderate degree of myopia* will not be considered a disqualification, provided it does not necessitate the use of glasses during the performance of operations, and that no organic disease of the eyes exists.

Physical Examination.

Every candidate must also be free from all other organic disease, and from constitutional weakness, or other disability likely to unfit him for military service in India.

6. On producing the foregoing qualifications,† the candidate will be examined by the Examining Board in the following compulsory subjects, and the highest number of marks attainable will be distributed as follows:—

Subjects for Examination.

	Marks.
a. Anatomy and Physiology	1,000
b. Surgery	1,000
c. Medicine, including Therapeutics, the diseases of women and children	1,000
d. Chemistry and Pharmacy, and a practical knowledge of Drugs	1,000

N. B.—The examination in medicine and surgery will be in part practical, and will include operations on the dead body, the application of surgical apparatus, and the examination of medical and surgical patients at the bedside. The examination in chemistry will be limited to the elements of the science, and to its application to medicine, pharmacy and practical hygiene.

No candidate shall be considered eligible who shall not have obtained at least *one third* of the marks obtainable in each of the above *compulsory subjects*.

7. Candidates may be examined in the following voluntary subjects, for which the maximum number of marks obtainable will be:—

Voluntary subject.

	Marks.
French, German, and Hindustani (150 each)	450
Natural Sciences	300

* Further particulars as to the standard of eyesight will be found in the pamphlet by Sir J. Fayrer, M. D., K.C.S.I., &c., entitled "Regulations as to Defects of Vision," &c., published by Messrs. J. and A. Churchill, 11, New Burlington Street, London, W.

† Candidates who pass the Medical Board examination will be required to pay a fee of 1l. before being permitted to compete.

The natural sciences will include comparative anatomy, zoology, natural philosophy, physical geography, and botany with special reference to materia medica.

A number less than one third of the marks obtainable in any of these *voluntary subjects* will not be allowed to count in favour of a candidate who has qualified in the *compulsory subjects*.

The knowledge of modern languages being considered of great importance, all intending competitors are urged to qualify in French and German.

Candidates presenting themselves for examination in Hindustani are recommended to study some recognized text-book, such as the annotated edition of the "Taubat-un-Nasuk," which is the text used by candidates for the Indian Civil Service.

8. The appointments announced for competition will be filled up from the list of qualified candidates arranged in order of merit as finally determined by the total number of marks each has obtained in both the compulsory and voluntary subjects.

The Examiners in London will prepare a list in order of merit, with the marks affixed in the different subjects, to be transmitted to the Director-General, and communicated to the Professors of the Army Medical School. If any candidate is found to be deficient in any particular subject, this shall be stated, in order that he may receive special instruction on the point at Netley.

9. After passing this examination, the successful candidates will be required to attend one entire course of practical instruction at the Army Medical School in—

- (1.) Hygiene.
- (2.) Clinical and Military Medicine.
- (3.) Clinical and Military Surgery.
- (4.) Pathology of diseases and injuries incidental to Military Service.

These courses are to be of not less than four months duration; but candidates who have already gone through a course at Netley as candidates for the Army Medical Service may, if thought desirable, be exempted from attending the School a second time.

Pay while at Netley.

Uniform while at Netley.

10. During the period of residence at the Army Medical School each candidate will receive an allowance of 8s. per diem, with quarters, or, when quarters are not provided, with the usual fuel and light allowances of a subaltern, to cover all costs of maintenance; and he will be required to provide himself with uniform (*viz.*, the regulation undress uniform of a Surgeon-Lieutenant of the British Service, but without the sword).

11. All candidates will be required to conform to such rules of discipline as the Senate may from time to time enact.

Examination at Netley.

12. At the conclusion of the course, candidates will be required to pass an examination on the subjects taught in the School. The examination will be conducted by the Professors of the School.

The Director-General, or any Medical Officer deputed by him, may be present and take part in the examination. If the candidate give satisfactory evidence of being qualified for the practical duties of an Army Medical Officer he will be eligible for a commission as Surgeon-Lieutenant.

Position on List, how determined.

13. The position of the candidates on the list of Surgeon-Lieutenants will be determined by the combined results of the preliminary and of the final examinations, and, so far as the requirements of the Service will permit, they will have the choice of Presidency in India, according to their position in that list.

14. No candidate will be permitted to compete more than twice.

India Office,

March 1894.

Examinations for admission to the service usually take place twice in the year, *i.e.*, in February and August.

N.B.—There will be an examination for appointments in 189 . The exact date will be notified in the newspapers when fixed. The number of appointments to be competed for at subsequent examinations cannot at present be stated.

Candidates cannot be supplied with copies of past examination papers.

PAY AND ALLOWANCES.

17. The following are the rates of "Indian pay and allowances" drawn by Officers of the Indian Medical Service:—

Rank.	Years' Service.	Indian Pay and Allowances per mensem.		
		When not holding an appointment carrying higher pay.		
		Rs.	A.	P.

"	12 "	640	14	6
		A. B.		
		When not receiving any Staff Allowance.		
		Rs.	A.	P.
Surgeon-Captain	10 "	451	14	5
"	6 "	433	10	2
"	5 "	335	12	2
Surgeon-Captain and Surgeon-Lieutenant	under 5	317	8	0
		When receiving Staff Allowance in addition. (See paragraph 19 and note on page 3.)		
		Rs.	A.	P.

"	6 "	392	5	2
"	5 "	304	14	2
Surgeon-Captain and Surgeon-Lieutenant	under 5	286	10	0

18. On first appointment they only come into receipt of "Indian pay and allowances" (Column A) from the date of their arrival in India.

Despatch to Government of India,
No. 265, of 20th
September 1878.

*See, however, paragraph 40.

19. Officers holding the principal administrative appointments and substantive military charges of the Indian Medical Service receive at present the following consolidated salaries:—

	Rs. per mensem.
Surgeon-Major-General, Bengal	2,700
" " Madras	2,500
" " Bombay	2,500
Surgeon-Colonel { from	2,250
{ to	1,800
Brigade Surgeon-Lieutenant Colonel or Surgeon-Lieutenant-Colonel of 20 years' service and upwards in substantive charge* of a Native regiment	1,000 with Rs. 90, horse allowance in Cavalry regiments.
Surgeon-Major under 20 years' service in substantive charge of ditto	800 with Rs. 90 ditto.
Surgeon-Captain above 5 years' full-pay service in substantive charge of a Native regiment	600 with Rs. 60 ditto.
Surgeon-Captain or Surgeon-Lieutenant under 5 years' ditto in substantive charge of a Native regiment	450 with Rs. 60 ditto.

20. The salaries of other substantive medical appointments in the Civil and Military Departments are consolidated, and vary from Rs. 1,800 to Rs. 400 per mensem.

21. Qualified Officers of the Medical Service are also eligible for appointments in the Assay Department. The salaries of these appointments are from Rs. 600 to Rs. 2,250 per mensem.

22. Officers are required to perform two years' regimental duty in India before they can be considered eligible for civil employment.

23. No Officer, however employed, can receive any staff allowance in addition to the pay laid down in para. 17 unless he has passed the examination in Hindustani known as the "Lower Standard." The passing of this examination does not of itself bring any increase of pay to an Officer, unless appointed to a substantive or officiating charge; but failure to pass disqualifies an Officer, even when holding such substantive or officiating charge, from receiving any portion of the staff allowances of the appointment.

24. Surgeon-Major-Generals and Surgeon-Colonels, on vacating office at the expiration of the five years' tour of duty, are permitted to draw in India Rs. 900 in the latter case, for a period of six months from the date of their

* Medical charges are of two kinds—substantive and officiating. The first is held by an Officer as his fixed and permanent appointment. For this he is entitled to the monthly consolidated pay laid down in the above scale (paragraph 19), subject to the condition specified in paragraph 23. An officiating charge is held by an Officer who is acting temporarily in an appointment during the absence of the Officer whose substantive charge it is. The Officer thus officiating receives not the consolidated pay of the own grade plus, half the staff pay of the appointment in which he is officiating (paragraph 17) of his own appointment, if he have one.

The staff pay of an appointment is the difference between the Indian pay and allowances and the consolidated pay of the permanent incumbent. It has been ruled, however, that the extra allowance for an officiating charge shall never be less than Rs. 100 per mensem.

Example 1. A Surgeon-Captain or Surgeon-Lieutenant of less than 5 years' service officiates for one of the same period of service in charge of a regiment. He receives Rs. 286, 10 + Rs. 100 = Rs. 386, 10.

Example 2. A Surgeon-Captain or Surgeon-Lieutenant of less than 5 years' service, officiating for a Surgeon-Captain of 6 years' service in charge of a regiment, receives Rs. 286, 10 + Rs. 600 — Rs. 392, 5, 2 = Rs. 390-7-5.

Example 3. A Surgeon-Captain of 5 years' service holding permanent medical charge of a regiment, and officiating for a Surgeon-Major under 20 years' service absent from his regiment, receives Rs. 392-5-2 + Rs. 800 — 677-6-11 = 600 — 304-14-2 = Rs. 513-11-7.
