PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—the following Government Order, dated 18th September 1894, Mis. No. 3647, Revenue :—

Order—dated 18th September 1894, Mis. No. 3647, Revenue.

Rule XIII of the Provincial Service Rules, appended to Government Order, No. 325, Public, dated 11th May 1894, requires that persons who have not graduated in one of the vernaculars of the Presidency should pass the Third-class Vernacular test *before* appointment as Deputy Collector, instead of the Translation test, Lower grade, as hitherto. The rule comes into force immediately and applies to all persons who do not now hold confirmed appointments in the Deputy Collector's grade. The Board of Revenue will accordingly give the necessary intimation to all the persons concerned, and will also bear the rule in mind in preparing its next list of persons qualified for the post of Deputy Collector.

2. As it would be inconvenient to enforce the rule at once, it will be held in abeyance for the present, and appointments to acting vacancies will continue to be made as heretofore.

Ag. Secretary to Government.

To the Board of Revenue (Land Revenue).

RESOLUTION—dated 19th October 1894, No. 451.

The Government Order read above will be communicated to all Collectors with the following remarks.

2. As pointed out by Government, persons who have not graduated in one of the vernaculars of the Presidency are required, under Rule XIII of the Provincial Service Rules, to pass the Third-class Vernacular test before appointment as Deputy Collector. Under the same rule and under Notification, dated 7th June 1894, at page 930 of the *Fort St. George Gazette*, dated 12th June 1894, read in connection with para. 3 (2) of

* In Board's Proceedings, dated 7th April 1894, Government Order, dated 2nd February 1894, No. 67, Educational, * graduates

who on 1st July 1894 did not hold confirmed appointments of Rs. 80 or upwards have also to pass the Précis-writing test before they can be appointed to a Deputy Collectorate.

3. The effect of these rulings is that most of the officers whose names are entered in the Confidential Register of persons qualified for the post of Deputy Collector will

have to pass one or both of the tests referred to before they can be considered eligible for the appointment in question. The Board has had a list of the disqualified men made out in its office, of which extracts are herewith forwarded to Collectors and to the officers noted in the margin, † with the request that they will inform the parties concerned accordingly.

4. In preparing the lists it has been found that the names of some officers who have passed the B.A. examination are not in the University calendar, apparently because they have not yet taken their diplomas, and it therefore cannot be ascertained what their optional language was. In these cases a remark is made to the effect that these men will have to pass the Third-class Vernacular test if their optional language for the B.A. degree examination was not a vernacular. There are also some cases of men who have passed only in the Language branch of the B.A. They have not therefore, strictly speaking, *graduated* in a vernacular, but the Board thinks they should nevertheless be regarded as exempt from the Third-class Vernacular test if they took up a vernacular as their optional language, and has accordingly entered a remark to this effect against their names. The Board requests to be informed if these views are concurred in by Government.

5. In the lists now forwarded, the present appointments of the officers concerned have been taken from the Confidential Register, in all cases in which Collectors have reported the alterations to be made in column 6 thereof up to 31st March 1894, and in cases where this has not been done, from the revenue and other establishment lists which are corrected up to 1st January, 31st March, &c. The Board's lists therefore may require revision with reference to the appointments now actually held by the parties entered in them. Any alterations, however, which may be found necessary need not be at once reported to the Board, but should be included in the list of corrections in the Confidential Register to be submitted by Collectors for 1894-95, when it should also be stated whether any of the disqualified men have subsequently qualified by passing the tests required of them.
