C No. 501 of 95.

142
26-2 95

Through the Office of Public Instruction.

Lawrence Aylmer.

19th November 1894.

From

The Chairman
Rotasamund Lawrence Aylmer.

To

The Chief Secretary to Government.
Fort St. George.

Sir.

In reply to G.O. 5th October 1894, 20746, (Public), I beg to report that Surgeon Major Walker, now Medical Officer of the Lawrence Aylmer, agrees with Surgeon Major Maitland, who, in his letter recorded in G.O. 26th January 1893, 2051 and 52 (Public), expressed the opinion in which the then Committee concurred, that a Military Medical Subordinate should always be appointed in preference to a Civil Apothecary.

2. The Committee, as at present constituted, holds the same opinion, because the personnel of the subordinate staff of the Lawrence Aylmer is composed of several effective and pensioned soldiers, with whom a Military Medical subordinate works better.

3. It has been generally found by experience here that a Military Medical subordinate has been more amenable than a Civil Apothecary to strict discipline, which is so necessary in a quasi military institution, in which the inmates numbering about 400 are chiefly children of soldiers and intended, as far as may be, for a military career.

4. The Committee also understands that in the kindred institutions of Murree, Tanawan and Mount Abu the Medical Officers and subordinates belong to the Military branch, and the Committee attaches much weight to the opinion of the Medical Officer in charge of the Lawrence Aylmer, in which Surgeon General de Fabeck concurred.

5. A Military Medical Subordinate has actually held the office with the exception

of one year, from 1869 to 1894.

6. A copy of the Proceedings of the Committee of 10th July 1889 accompanies this letter.

I have the honor to be
Sir
Your most obedient servant

J. M. Rendell Esq

B. General

Chairman

Botacammund Lawrence Asylum.

Extract from the Proceedings of the Committee of the Botacammund Lawrence Asylum dated 10th July 1889.

Roll. "The Principal desired to report the disrespectful manner in which, on more than one occasion, he has been treated by the resident Apothecary, Mr D'Silva."

Resolved. - "The Committee, having investigated the matter and having heard what Mr D'Silva had to say, considers that he has distinctly, on more than one occasion shown want of proper respect and deference to the Principal of the Lawrence Asylum."

"The manner in which he spoke, both of and to Mr Dene in the presence of the Committee was also, in the opinion of the Committee, improper, and is an indication of the want of deference and respect alluded to above."

"They, therefore, resolve to request the Surgeon General to remove Mr D'Silva, it being essential in the interest of the discipline of the Institution, generally, that all serving under the Principal's orders should treat him with proper respect."

"Mr D'Silva's example in this respect is a most undesirable one."

"The Committee would ask the Surgeon General to appoint, if possible, a Military Medical Subordinate in succession to Mr D'Silva."

Letter

Letter N^o 949
To, The Secretary to the Government
of India
Home Department.

Sir,

I am directed to invite attention to the proposals conveyed in para 3 of my letter No. 572 of the 19th August 1893 and Endorsement No. 52 d/26th January 1893.

2. At present a Civil Apothecary is attached to the Lawrence Asylum, Ootacamund, but the appointment of a Military Assistant Surgeon is strongly urged by the Committee which on valid grounds objects to its being held by a Civil Officer. The Surgeon General reports that he awaits the sanction of the Government of India to the proposed posting of a Military Medical Subordinate to the Asylum, and I am therefore directed to request that the approval of the Government of India to the proposals referred.

referred to in para I may be accorded at
an early date.
