From

THE CONSULTING ENGINEER FOR RAILWAYS,

MADRAS,

To

The Honorable the Chief Secretary,

to the Government of Madras,

Fort Saint George.

Sir,

I have the honor to inform you that hitherto it has --
been customary to prepare, (for the Administration Report of
the P. W. D. Madras Presidency Railway Branch) the chapters
referring to traffic and finance for the Calendar year; and
similarly the information required for the General Report on
the Administration of the Madras Presidency, has been made up
for the official year.

2. In your telephone message you have asked that the figures
for the latter should agree with those of the former i.e., --
that they should refer to the calendar year.

3. I understand that in future you wish all accounts connec-
ted with the Railways of the Presidency compiled for the --
Calendar year. This will then conform to the annual Report --
which I have to submit to the Director General of Railways.

I have the honor to be,

Sir,

Your Most Obedient Servt:

F. Russell

Consulting Engineer for Railways.

Order - 20 Dec 1894 N^o 968
The Consulting Engineer for Railways is informed that the compilation of separate accounts for the summary portion of the Administration Report is unnecessary and that the figures given in the manuscript note should tally with those given in the printed report.

The Consulting Engr. for Rly notes -
In the instructions for the preparation of annual administration reports (G.O. no 410 of 23-11-88) both summary and report are required to be for the official year, but the finance part of the report is always written for the calendar year under separate orders from the Director-General of Railways. It is submitted that it is best to have the summary prepared so as to tally with it. I would have brought the matter to notice earlier but did not receive the summary of this matter till very late and only completed it now.
