SURGEON MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.J.

SURGEON-GENERAL WITH THE
GOVERNMENT OF MADRAS,

Madras,

To

THE Honble the Chief Secy: to Government
Public Department

SIR,

With reference to G.O. no: 850 Public dated 19th November 1894, before re-
moving any of the military assistant
surgeons in para 8 of my letter re-
ferred to in the above G.O. who alone
are under my orders and whose
removal from their present posts
would, as I have pointed out, seriously
cripple the Civil and Educational
Medical Departments I would
suggest, in accordance with the
direction in the above order that
I should procure the services of
suitable men from other Provinces,
that Government should again
address the Government of India
and ask it to return the military
assistant surgeons now holding
unauthorized appointments under the

P.

out of India and belonging
to Madras Establishment referred
to in para 7 of the same letter.
These appointments the Government
of India could fill from the list of
appointments referred to by the
Home Department in G.O. no: 776 dated
17th October 1894. If the Government
of India will not do this it should
be requested to lend us military
assistant surgeons from the
Bengal or Bombay Establishments
to complete our military establish-
ment until 1898 when sufficient
pupils can be turned out of the
Medical College here.

2. This I think would be the best
way of meeting the difficulty, the
Military Establishment have
at present 76 military assistant
surgeons under their orders, out
of a sanctioned establishment of 79
so that they are in no great stress.

3. If Government does not approve
of this suggestion it will be necessary
for me under the above orders to
entertain four pensioned apothecaries.
They should, I consider, be offered at least
the pay of the grade on which they
retired viz from Rs 110/- to Rs 300.

4. Instead of employing pensioned a-
pothecaries it would, I consider, be far better
to employ temporarily Civil Assistant
surgeons under G.O. Public dated 7th April 84
no: 702 who would draw the pay sanctioned
in G.O. no: 2069 Public of 19th September 1884 viz
under 7 years service Rs 100.

7 and under 14 yrs service .. 150.
above 14 years service .. 200.

5. The class of officers in the last part of para
2 of the above G.O. and in G.O. no: 776 of 17th
October 94 are unconvenanted Civil surgeons
who would draw pay under G.O. no: 1111
Public dated 12th May 1885 as follows:—

Below 5 years	Rs 350.	} With extra allow- -ance for the med. charge of a lunatic asylum or a college or for the ad- -ministration charge of jail
{ Above 5 and under 10 years of approved service }	" 450.	
{ Above 10 and under 15 years of approved service }	" 550.	
After 15 years of do	" 700.	

These I think would be a too highly
paid class of officers.

I have the honor to be,
Sir,

Your most obedt. servant

It seems to me that we
might ask India to
send us back our men
who are now in ~~India~~
& fill their places by them.
I was submitting some of
the men mentioned in para
2 of their letter in G.O. 276
17.10.94
In the meantime, the proposal
in para 4 of the current
may be approved.

With regard to G.O. 949

I should like to know how this
issued without reference.
It refers back to G.O. 571
9.8.92
with the proposals in which I am
not at all in accord. The
Govt of India proposed that
military assistants be handed
over to us as a war reserve & to
get pay at civil rates, which is
an arrangement eminently favour-
able to us - at least so I take
it. The then S.G. was all in favour
of employing these military subordi-
nates in civil appointments, which I consider
the greatest possible mistake &
he therefore recommended that
they should get their mil. rates
of pay (which are much higher,
especially for senior men, than
the civil rates) while in civil
employment; & this Govt. assented
apparently not apprehending that
under this arrangement, besides
getting a less highly qualified
class of men, we should have
to pay much more highly for them
than for our own civil subordi-
nates, who are both better & more

Pub.C. 3618.

It is submitted that
no good would result
from addressing India
as suggested in para
of the current. Please
see what India has
already said in Genl.
Coller's No. 67. G. of 200
March last (printed
copy with G.O. 913 of '94)

It will be better to
see what India has to
say in reply to letter
No. 949 of the 13th inst.

It is sub^d that the
proposal in para: 4 of
the current may be
sanctioned as a
purely temporary
arrangement.

Apparently the S.G.
anticipates no difficulty
after 18th 98.

x this is a long way ahead

ORDER, 24 Dec 1894 N^o 981

3. In the meantime the Surgeon General will be permitted to employ Civil Assistant Surgeons-as a temporary measure - as proposed in paragraph 4 of his letter under disposal.

recommendation of this Government that they may be replaced at its disposal. I am to suggest that their places might be filled by selection from the candidates referred to in paragraph 2 of your letter No. 573 of the 18th September last.

2. This request would not be preferred were the circumstances not urgent ^{and} exceptional. It is not anticipated that the local Military Medical Subordinate establishment can be completed before 1898 when sufficient pupils will leave the Medical College and ^{it} ~~meanwhile~~ short-handedness is eminently detrimental to efficient Medical administration.
