GOVERNMENT OF MADRAS.

Public Works Department,

Chepak, Madras,

11-12 1895.

My Dear Bird

I send herewith
a copy of history & service
which will give you the
various steps in Col. Pi
corner - You will be able
to get up the Gazette in
which names awarded
C.S.I. - No orders have
been passed in P.W.D.
regarding his work in
connection with the
Perigoz - If you can

look over the copies of the
minutes read, in which
were reported the speeches
made by Mr. Gay at
the opening of the Perjan
works. You will obtain
some idea of Mr. Gay's
opinion of Col. P's services,
& this may guide you in
writing the laudatory
order.

I also enclose
copies of the orders which
were passed when Col.
Husted & Mr. Walsh

retired - Something in
style will probably do.

I have already told
you by telephone that Col.
P. hands over charge on
6 January, goes on subsidary
leave, & finally retires on
11th idem - He will be 55
on 15th Jan'y, but he has
decided to retire on the 11th
to enable him to obtain
passage by boat perhaps
on that date.

Wells has been very
busy with us for a month
or more past.

Yours truly
Chas. W. Wells

Kindly return the
"History of Perjan" when
done with.

Note for His Excellency the Governor.

It being essential for private reasons that I should reach England during the first week in February, I applied to the General officer commanding at Bombay to provide me with a passage by the troopship leaving that place on 11th January 1896. He has, however, replied that he is unable, under the regulations, to give me a passage on any date prior to the date of my proposed retirement on 16th January, but that if my retirement is antedated to 11th January, my wishes can be met.

The acceptance of my resignation from the 11th instead of the 16th January will make no difference in the date of my actually handing

over charge of office, as
in any case
I shall proceed on ordinary
leave on the 6th January
handing over on that date.

Resignation of his appoint-
ment in the P.W. Dept. of

Government takes this opportunity of recording its appreciation of Mr. Walch's services. In March 1866 Mr. Walch joined the Department of Public Works as an Assistant Engineer, second grade. Since then and up to March 1887 he was in executive charge of some of the most important irrigation projects in the Presidency. He was promoted to Superintending Engineer on the 24th March 1887, having worked up through the intermediate grades. In October 1888 he was specially selected for the post of Chief Engineer for Irrigation and Joint Secretary to Government and was subsequently appointed Chief Engineer and Secretary, which posts he held until his retirement under the 55 years' rule on 22nd April 1893.
