FRM

L. M. THORNTON, Esq.,

Deputy Secretary to the Government of India,

To

THE CHIEF SECRETARY TO THE GOVERNMENT OF MADRAS.

Home Department.
Medical.

Simla, the 31st October 1895.

SIR,

IN continuation of the letter from this office No. 174, dated the 28th March 1895, I am directed to state that, in consequence of recent additions made to the strength of the Indian Medical Service in Burma, it has been found necessary to increase the number of Commissioned Medical Officers to be provided from the Madras establishment for service in Burma by two officers.

2. In the list which accompanied Home Department Resolution Nos. 17—481-94 of the 31st October 1884, a copy of which was forwarded to the Government of Madras with this office letter No. 26, dated the 22nd January 1885, the principle was laid down that the Madras Presidency should furnish half the total number of Commissioned Medical Officers required for service in Burma, the other half being supplied from Bengal. At that time the sanctioned strength of such officers for Burma was 10 (6 in list I and 4 in list II), and according to the arrangement above referred to, 5 Civil Surgeoncies in Burma were provided for in the revised list of the Madras establishment which accompanied this office letter No. 203, dated the 21st May 1885. Since then the strength of the Burma establishment has been increased by the addition of the following appointments:—

LIST I.

1. Secretary to the Inspector-General of Jails with Civil Administration.
2. Civil Surgeon of Mandalay.
3. Civil Surgeon of Myingyan.
4. Superintendent, Central Jail, Rangoon.
5. Superintendent, Central Jail, Insein.
6. Resident Medical Officer, Rangoon Hospital.

LIST II.

The number of Civil Surgeoncies reserved for Commissioned Medical Officers has been increased from 4 to 8.
