Complaint against the
conduct of the Secy to the
Surgn.-gent with the govt
of Madras:

20th February 1855
To,
H. The Right Hon^{ble} the Governor
in Council
Fort St George.

The humble petition of
Ibrahim Khan son of
Biram Khan.

Respectfully Sheweth,

I the undersigned
shall feel highly obliged to your Excellency
if your Excellency taking into consideration
the fact that I and our fore-fathers
were the Govt. Servants, and I up to
this time used to take notice of the
news of every Office and hearing the
good arrangements in which the Officers
are and thanks first to God & then to
the Empress the most Gracious Her
Majesty the Queen Victoria, for her long
life and prosperity to whom we are
indebted innumerable benedictions.

But alas, and I am sorry to say
that in such a good Empire and in a
beautiful & pleasant City like Madras
there is one Office named Office of
Surgeon General with the Govt. of Madras
whose arrangements are worst of all.

other

other offices in the whole Presidency.
The other day I was informed by one
friend of mine that one of his friends
complained of the bad arrangements
in which the Office is plunged on
account of the Secretary who —
troubles the clerks especially the
Copyists and the Record keepers.
To the former he orders to do their
duties entrusted to them and in addition
to that to show the work done by
each of the Copyist by drawing
up the whole contents of their work
into a diary which they were
ordered to prepare. For this new
work of preparing the diary of their
daily labour, plenty of time is taken
by the Copyists, because they will
have to prepare according to the directions
given to them, and those are such
that they occupy a great amount
of their time in drawing up the
same, but if they did not draw
the poor people of little means are
fined. In spite of all these actions,
the poor innocent people obey the
orders of the Secretary and do —
according to his wishes, and when
he

he comes the next morning he examines
the diaries and after satisfying what
he wants sees the amount of work
done by each of them, as undoubtedly
there will be some amount of
work done by each of them, because
more than half of their time is spent
in drawing up their diaries, and the
poor people having tried their best
to finish as many drafts as possible
in the rest of the time, there still
remain many drafts to be copied
and the result of their labour is
that they are fined with heavy loss,
because they copied a small no. of
drafts, without thinking how much
time the diary occupies. So in all
cases the poor Copyists are fined,
which is quite unjust on the part
of the Secretary as well as of the
Govt. that takes no notice of him,
and I hope that your Excellency will
inform the Surgeon-General of the
true facts laid down before your
Excellency's presence.

In my consideration it comes
that Copyists are entertained not to
draw up a list of their work done
every day, but to copy out the drafts
given to them and to finish off as much

work

work as they possibly can. But the
Secy. of that Office is such that he
never cares for the drafts to be copied but
have the New Diary prepared by each
of them, for this purpose there remain
lots of drafts near the copyists and I
dare say - that there may be not
less than one hundred drafts left near
each of the copyists to be copied during
a course of a week. Now your
Excellency may be pleased to think
for the amount of work left in
arrear. And if such a system were
to go on in this manner, your Excellency
will be made to entertain some additional
hands to help the copyists, which is
nothing but simply a loss to the Govt.
The Copyists must be made to finish
the whole drafts in a very short period,
if they did not finish in due course
and when many of the drafts were in
arrear they should be made some
day or other to carry the remaining
drafts at hand at home and finish
them off as soon as possible. But
in stead of doing this method the
Secy. objects the copyists, not to
carry the drafts at home, who
willingly ready to take the drafts at
home

home to copy seeing that a lot of time
has been spent in writing on the
Diary. But he says that the copyists
should finish the work in the Office
alone, which is quite impossible for
them, because most of the time is
spent in writing in their diaries as
soon as a draft is copied & so there
left a very small amount of time
for them to copy the drafts, for this
reason there are many drafts in arrear
near the copyists, and for this also they
are fined innocently.

In conclusion I pray that
your Excellency will be pleased to take
useful & legal measures against such
horrible deeds, and proper arrangements
must be taken to suppress his vain
wishes, on the other hand some
additional hands must be kept
both to carry out the wishes of the
Secretary and to finish the Office
work. The result for his wishes
is that Govt. will become a
loser in keeping the additional un-
necessary hands to help the Copyists.

For.

For which act of kindness and
charity I shall be duly bound,

Ever Pray

I beg to remain,
Respected Sir,

Your most obedient servant,

Ibrahim Khan

To

The humble petition of C. Blake residing
at 611 Mungro Street, Pulichena

CHIEF SECRETARY
25. FEB. 1895
RECEIVED

Respectfully submitted,

I most respectfully beg to inform your
Excellency that one of my friends complained near me
about the bad arrangements in which the Office of Surgeon
General with the Govt. of Madras is. And it seems
that the Secretary of that Office is a very whimsical
man who made the clerks of the Office to prepare
a Diary, in which a great amount of time is spent,
if not they are fined, nay, they are fined even when there
are many arrears on hand. How can the poor clerks com-
plete their work when they are made to engage in
preparing a new system of Diary. And the Surgeon-
General too left him loosely without paying any
attention to the Office work, and also the Secretary
acts on his own accord and fines the poor people for
trifling matters. If he were to continue in this
manner it seems to me that he wishes to add
additional hands to the Office work, and thereby

resolved

resolved to spend more money to the Govt. uselessly
and increase the Budget Estimate. So I bring to
notice of your Excellency that you will kindly have
an eye upon the Secy. of that Office so that the poor
people may not be fined innocently though they are
working on with great energy.

For which act of kindness & charity I shall in
duty bound, ever Pray.

The humble petition of The

Naidu, late Schoolmaster, late
School, Triplicane.

Most Respectfully Sheweth,

That your petitioner
Petitioner is the faithful servant of Govt. but
sorry to say that on hearing the accounts of the
Surgeon General's Office it appears to me that
the Secretary of that Office has created a most
system of preparing a diary of their work
takes enormous amount of time and which is
nothing but simply waste of time, waste of labour
and waste of money, and waste of everything.

That your petitioner's petitioners have
submitted a few details of the above diary
that the copyists have to prepare and that they
write in a book or some did they finish a
draft, which occupies plenty of time and
they will have to give the full explanation of
the arrears left in hand. The Secretary will
then to obey the new bye-laws, if they do it.

Yours faithfully
Canna

...they will be fined. And similarly if there were many arrears left they are also fined. What kind of labour is this. By that time the copyists may be able to finish of as many drafts as they can. And also prohibits them not to take the drafts at home, even if they carry them willingly. From this it is manifest that he tries by these means to make the Govt. a loser, because he endeavours to add to the indent the sum of additional clerks to be entertained in future. And so there is no clerk but complains of his folly; and there is no day but fines the poor harmless people.

Now in conclusion I hope that your Excellency may be pleased to take legal steps against him and great precautions may be taken in suppressing the same, and proper arrangements may be done as soon as possible, because by that time the poor people will be fined without any cause.

For which, I shall, as in duty bound,
