SIR,

With reference to memorandum from
Government N^o 245 dated the 8th
instant, Public Department, I have
the honor to state that I have no
objection to submit in print the
reports and statements in question.
But I shall be glad to know whether
I may, in future, regard the date on
which those returns are sent to the
press, as the date of their despatch,
as you are, doubtless aware, dates
have been fixed with due regard

to the capabilities of the office, as well
as the necessities of the public service,
for the despatch of the various returns
sent to the Imperial and local
Governments and to the Comptroller
General. But it will take sometime to
get these returns through the press, and
if the dates, on which the printed
returns are sent, are to be regarded
as the dates of despatch, the proposed
arrangement will involve either the
inconvenience of a much earlier pre-
paration of the returns, or their
unpunctual submission.

The Supdt. of the Govt. I think the

As regards the question of delay it is to be remembered that most of these reports are put into type before being reviewed in the office. When they are received in print there will be the saving of the delay now caused by passing between Scott & Press. This delay when Govt is on the hills must be greater than the time which will be taken for passing between the office of submission (all with one or two trifling exceptions in Madras) & the Press.
