FOR ORDERS.

I submit the accompanying Draft E. O.
to the for approval. I looked through
the letter in the last issue of the
Digest and found that the Rules
regarding supply ^{of supplies for it} to medical institutions
in India were being disregarded
in some instances. Medical Officers
will be unable to understand the
system which Govt. has ordered shall
be carried out.

Order ~~number~~ of 7th March 189.
No. 165

The attention of
the Surgeon General ^{will}
directed to the advertise-
ments at pages 344 et
seq of the Gazette of the
5th instant for articles
of hospital diet and
supplies. In regard to
non-perishable articles,
it is observed that at:-

The General Hospital

they are to be supplied
in bulk any time after
the 25th March, or, if
more convenient to
the Contractor, he may
supply them in instal-
ments (in advance)

sufficient to meet two
months' requirements
at any time - payment
to be made on monthly
bills;

The Women & Children's

Hospital - they are to be
supplied "in full or in
portions - demanded"
or "in such quantity as

* i.e. six months'
supply

These instructions are at variance with the No. 2 of the rules promulgated with G.O. 13.5.92, No. 330 Public, in accordance with which only such quantities of non-perishable articles as will fill the storage accommodation available should be advertised for - the whole amount to be delivered "within a specified and early date".

It is now incorrect to call the tenderers for non-perishable articles "contractors". There should be no contract at all. The fact that a certain quantity of stores is required within an early date (specified) should be notified. Delivery from the successful tenderer should be taken in full before the date named, he should be paid in full and the transaction thus completed.
