Temporary Establishment

The — required for the I Circle during
1895-96, sanctioned with remarks.

WITH ORDER

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper :—

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 4th March 1895, No. 821 Gl.

I have the honour to submit the usual proposition statement of temporary establishment required in this Circle for 1895-96 for your approval and sanction of Government.

2. The temporary establishment for which renewed sanction is now solicited has already been covered by sanctions to end of the current year as per Government orders quoted in the statement with the exception of the following.

3. *One clerk on Rs. 20 in Superintending Engineer's office.*—Formerly there were two estate clerks on Rs. 20 and Rs. 30, respectively. The clerk on Rs. 20 was dispensed with after the Parlákimedi estate was handed over to the proprietor—*vide* G.O. No. 1079 W., dated 18th April 1891. The clerk on Rs. 30 was disallowed in G.O. No. 913 W., dated 7th April 1893, as several of the large estates were handed over to the proprietors. Since these reductions the clerks have generally to come to office in the early morning, as well as on Sundays and holidays, to keep the work out of arrears. The budget estimate of estate works for 1895-96 is Rs. 19,434 and I think that the appointment proposed is very necessary.

4. *Draftsman in the Gó dávari Western Division office.*—The Executive Engineer states that a draftsman on Rs. 25 is required for six months to enter on the new village maps, which are now being received from the Survey Department, the names of canals, channels, drains and other details. There will probably be nearly 5,000 sheets of maps for the delta. The village maps are constantly used by the Executive Engineer for reference, and it is very important that as much information as is at present available regarding the irrigation works should be entered on them. This work cannot be done by the present staff of draftsmen.

5. The reason for the increase of pay to sweepers in the Gó dávari Western division is explained in the remark column of the statement.

6. The Executive Engineer, Rushikulya division, reports that an hospital assistant on Gulleri works is not necessary. He was of very little use as the Uriya laborers have no confidence in him and do not take medicine except from one of their own people. The Executive Engineer considers it needless to continue the services of the hospital assistant, as Sub-Engineer Mr. Venkatareddy can administer all the medicines necessary. The establishment is therefore omitted in the statement.

7. *Clerk on Rs. 20 for Suradá Sub-division, Rushikulya division.*—The Executive Engineer states that in the Suradá scheme a monthly expenditure of Rs. 10,000 is being incurred. Practically everything is carried out by piecework, and the clerical labour involved is very great. The Sub-divisional officer has one clerk, 4th class, 3rd grade, and to assist him, one of the overseer's clerks has hitherto been deputed. This clerk will have to join his proper duties under a newly appointed overseer single handed. The Sub-divisional clerk will most certainly be unable to keep pace with the work. The assistant clerk on Rs. 20 is therefore absolutely necessary.

8. *One peon on Rs. 6 for Suradá Sub-division, Rushikulya division.*—The Sub-division office, Suradá, has only one peon. This man must be constantly with him on the work. The Executive Engineer considers it necessary, and I agree with him, that the Sub-divisional officer should be allowed another peon to cash cheques at the Treasury and to assist in the office.

PROPOSITION statement for revision of the temporary establishment of the I Circle for 1895-96.

From the Examiner, Public Works Accounts, dated 23rd March 1895, No. 1127 D./E.

ORDER—dated 2nd April 1895, No. 810 W., Public Works.

The temporary establishment required for the I Circle during 1895-96, as detailed in the statement submitted by the Superintending Engineer with his letter recorded above, is sanctioned with the following remarks:—

(a) An additional clerk on Rs. 20 per mensem in the Superintending Engineer's office is stated to be necessary on account of work in Wards' estates. The provision will be allowed during 1895-96 under the explanation afforded.

(b) The Górávari Western division having been split up into two divisions and separate divisional office establishments having been provided for each, the proposed draftsman on Rs. 25 per mensem will probably not now be required. On this assumption the provision is disallowed.

(c) The extra clerk on Rs. 20 and a peon on Rs. 6 per mensem for the Suradá sub-division of the Rushikulya division may stand; but before the end of the official year the necessity for this additional establishment will be carefully reviewed by the Superintending Engineer, and if it is then found possible to dispense with it the men should be given the usual notice.

2. If the hospital assistant employed on Gulleri works is not required, his services should be replaced at the disposal of the Surgeon-General with the Government of Madras.

3. This sanction has been registered as Provincial No. 2 W. of 1895-96 and classified as establishment, temporary.
