In continuation of two office letters
no 1737 dated 19th September 1894, and the orders
of Government herewith enclosed to be
kindly returned, I have the honor to forward
a plan showing the vacant ground opposite
the General Hospital, with site for the three
Hospital assistants quarters marked on it
as well as a plan for Dressers quarters.
On your approving of the site and accommodation
I shall address the President of the Municipality
regarding the site and on obtaining his approval
I will prepare the working plans & estimates.

I have the honor to forward for the opinion of the Surgeon-General. It seems to me a very suitable place indeed.

2. I may mention that it was proposed some years ago to build apothecaries' quarters on this piece of ground.

3. In any case I think this piece of land ought, if possible, to be obtained for Hospital use as it is certain to be required.

Sir,

Enclosures.

With reference to your letter No. 1050 dated the 3 October 1894, I have the honor to state that the Deputy Collector of Madras reports that the land in question is the property of Government, it was acquired at the same time as the site of the Adams Park.

I request that you will be good enough to ask the Surgeon General with the Government of Madras to obtain the sanction of Government for the preparation of the necessary plans and Estimates and for permission to build on this site. I enclose

I have the honor to forward and to re-
quest that you will be good enough to obtain the sanction
of Govt. for the preparation of the plans and estimates there-
in referred to; and also for the permission therein asked for

2. I would suggest that the position of the
proposed Hospital Assistants' Quarters be carried more
to the west near to the Adam's Park and that the
site marked for the Hospital Assistants' Quarters be
utilised for Quarters for the Head Steward.

SIR,

With reference to G.O. No. 578, dated the 7th August 1894 conveying the sanction of the Government of India to Civil Hospital Assistants holding authorized appointments being provided with free quarters or compensation in lieu, I have the honor to forward the enclosed correspondence received from the Senior Medical Officer General Hospital and to request that Government will be pleased to instruct the Consulting Architect to prepare the necessary plans and estimates for building quarters for the three Hospital Assistants attached to the institution, and to accord permission to the vacant ground opposite to the General Hospital, which the Deputy Collector of Madras reports is the property of Government, being utilized for the purpose.

It is ⁱⁿ my opinion most desirable that the Hospital Assistants should be provided with quarters near the Hospital. This will add to the efficiency of the Compounding Department of the Institution and save the house rent which will have otherwise to be granted under the C.O. quoted above.

3/ A tracing by the Consulting Architect showing the position of the proposed quarters is enclosed. I strongly recommend the suggestion of the Senior Medical Officer that the position of these quarters be carried more to the West near the Adams Park and the site now marked for them be utilized for quarters for the Head Steward who should in the interests of the institution live near the Hospital.

Adams Park may be wanted for the new W. of Hospital ~~as proposed~~ if we can come to terms with the M.L. Dept about the Station Hospital; or the M.L. may take it as a market site - In either case the site proposed for Asst's quarters is probably needed for subsidiary buildings for kind or another - It can't be given now as proposed by the G.O.

This might come up again, as soon as India tells us about the detention Hospital. I believe houses for the staff close to the General Hospital would be of immense service.

Again to H.R.O.

This is quite true - but the matter must stand over, as H.R. says, until we can see more clearly what we are about

21/12/94

Very truly
Yours

It is submitted that the site is too good to be wasted on Hospital Asst's quarters.

If the style of structure was suited to the site it might be possible to erect a women and children's hospital on the site and to put an end to the unsatisfactory and innumerable negotiations with the M.L. Dept regarding the Station Hospital buildings.

As far as convenience is concerned the site would be just as good. An overhead covered passage to connect the new with the existing hospital might be feasible. It would not be absolutely necessary from the plan with the current it appears that there is a bridge

the say the other day that it would
be desirable to put the H.M. Hospital.
The H.M. is, I believe, also known
as a place for a market.

Prop. Asst. Quarters

It would be better to take up
some of the small houses at the
back of the site under act I of
194 than to waste so good a site.
