WITH ORDER

No 184

Public Works Department
Irrigation Branch
Dated at Ahmednagar 22nd May 1895

From

Col: P. E. Drake. Brockham R.B.
Chief Engineer in Charge to Government P.W.D.
Irrigation Branch

To

The Secy. to Government
Public Works Department.

Sir -

With reference to G. O. No. 357, dated 21st May 1895, received with your letter of 21st 5/95, relative to my intention with regard to my house at Tanjore, I have the honor to state that the subject has not occupied my attention for some time. I did at one time make arrangements to part with it to a leading Vakil at Tanjore, but the Receiver objected to its being sold to a native. It has for the last 8 or 10 years been regularly occupied by the Local Fund and Executive Engineers of the Division at a rental which returns me barely 4 per cent on my outlay, and has proved of great use hitherto, in thus affording house accommodation for the Public Works Officers of the Division.

in a town where such accom-
modation is with difficulty obtainable.

I have the honor to be
Sir.

Your most obedient servant

Ruedra. Hindman Col: R.E.

Chief Engr & Joint Secy to Govt P.W.D.
Irrigation Branch.

C. No. 1743

From

The P. W. Dept

Dated 1st June 1895.

FOR ORDERS.

It is submitted
that in the circumstances
Colonel Brockman's
continued possession of
the house is objectionable
As it is a suitable residence
for the Executive Engineer
and accommodation at
Tanjore is difficult to
obtain, it seems advisable
that if permissible the
P. W. Dept. should
purchase the property

As Mr. D.D. will retire before
long it seems hardly necessary
to pay Rs. 6.95. unless Govt. is willing to purchase
the house before he retires.

It appears that the Revenue
has to do with the question of selling
the house is not apparent.

2nd

12/6/95

I could not, as Chief
Engineer, retire from the
house. The house at
the place which I place
Mr. Brockman would
accept, and as he retired
in fifteen months, it seems
hardly worth while to

16 June

14/6/95

in touch with him, though
we doubt in getting his
possession of the home is

System is the ^{one} in which the work stands.
The band is held on
a rather pretentious band, which
gives the receiver a voice
in the department of the
building.
