No. 680

1769

Government Press, Madras
16th May 1895.

Office note.

The Supt., Govt. Press submits a proposition statement showing the reductions caused by the abolition of the Military Secretariat, increases and decreases in certain salaries according to present conditions of the work, and solicits their sanction to place the Press upon a satisfactory footing at this time.

2. Account and Publication Dept.:-

In consequence of the additional correspondence developed by despatch of P. W. D. Codes lists of corrections, increased correspondence, &c., and so much packing work to be done, it is necessary to strengthen this department by an extra clerk at Rs. 15, and a packer on Rs. 8. Increase in telephone work also, and more of the time of the clerk who attends to it, and he is unable to do so much clerical work.

3. Composing Dept.:-

In consequence of the abolition of the Military Secretariat the department printing those of the has been abolished, and expenditure has been reduced as per margin. The proceedings of the Director of Public Instruction which were printed in this department have been transferred to the Revenue Dept., the services of one imposer only being retained.

1 " " 20 "

Piece earnings 1894-95 " 347½ "

carry out certain necessary changes it is proposed to abolish the appointment of imposer on Rs. 35, and make it one on Rs. 30 only; to increase an imposer on Rs. 25 to Rs. 30; and to transfer 2 imposers on Rs. 25 each and 3 on Rs. 20 each from the piece to permanent establishment. By these arrangements the expenditure on imposing from piece establishment will be saved, and the total permanent cost will not be increased.

4. Examining Dept.:- The appointments given in the margin should be abolished in this department owing to the abolition of the Military Secretariat, but the services of the men cannot be dispensed with owing to increased work in other Composing depts, the printing of the Civil Budget Estimate in the future, and the increased part by manufacture of types whereby more work is put into type some time. During the past 18 months this department has been undermanned, and is the cause of some of the delays in the outturn of work. To place it on a proper footing it is necessary that the establishment asked for may be sanctioned to enable it to keep pace with the Composing departments. A rough proof reader's post is reduced from Rs. 40 to Rs. 35, and it is proposed to abolish the 3 reading boys on Rs. 12 each and the 2 on Rs. 11 each, the pay of a reading boy

Apparently it will be by Rs 5 p. m. under which pensioning their liability has been considered

Madras Times.

not exceeding Rs. 10. By substituting former proof readers for revision and for passing the final proofs, striking off, the rough proof readers and examiners will be able to go through more of their own work.

5. Press and Machine Dept.:- Since March 1893, two machines have been added, and three more machines ordered in December last are expected in July next for which the transfer of 2 Machine minders and 2 layers from piece to permanent is now proposed and the establishment for the new machines are included in it. The increased plant of type has added to the work of this department, and there has been delay in the striking off for want of the extra machines recently ordered. In February last the undersigned received letter from some of the pressmen and machine minders comparing their salaries with rates paid at private presses, and a letter was addressed to 11 printing offices and replies were received from 6. The conditions of work in these printing offices are unlike the conditions in the Govt. Press, making comparison of salaries rather difficult. He has, however, in the proposed establishment, added a grade of pressmen on Rs. 13, a machine mistry on Rs. 16, some machine minders on Rs. 14 and Rs. 13 respectively readjusted the numbers on the other

6. Binding Dept.:- The number of employes in this department increases owing to work received. As the workmen occupy three large rooms, it is necessary to add an assistant foreman on Rs. 25, to see that the men are working diligently in two of the rooms, and to relieve the foreman of some of the details regarding issue of cloth, boards, &c. It is proposed to raise the pay of the gilder to Rs. 17 as a good gilder is worth more than Rs. 15, and to reduce the senior standing pressman from Rs. 12 to Rs. 10. A transfer of some of the temporary establishment has been made to permanent establishment and a small addition has been made to the number of men receiving Rs. 12 and Rs. 11 respectively.

7. Type Foundry :- This department now working at its full strength, and the outturn of work this

1 Asst. Foreman	Rs. 25-00
2 Binders @ Rs. 12	24-00
2 " " 11	22-00
2 " " 9	18-00

	20-00-00
Net increase Rs.	99-8-00

last official year* is the largest ever made. It is considered that the dressers, Stereotype machine casters, and metal workers are deserving of the increases proposed. A small increase has also been given to the carpenter boy.

8. Servants:- With the enlarged premises it has been necessary to add another sweeper on Rs. 3 and it is proposed to increase the pay of two sweepers from Rs. 3 to Rs. 3½. The totals have been increased to Rs. 6 each, and it is not possible to secure such persons on Rs. 5 each to attend to the conservancy of such a large establishment.

9. The additions and increases have added Rs. 393-8-0 to the permanent establishment, and the transfer of establishment from piece to permanent has reduced the piece charges by a corresponding amount.

The Supdt. Govt. Press submits proposals for the reorganisation of the Press Establishment consequent on the abolition of the Military Secretariat.

It will be seen from the Proposition Statement that the proposed decrease of Rs 777-8as per annum is utilised by increases amounting to a similar sum.

The details of the revision are fully set out in the Supdt's note. It will be seen that the proposed increases are based on the grounds of insufficient staff and additional machinery shortly expected. It has also been found necessary to raise the rates of pay of some of the Grades to bring them into equality with those paid by private employers of similar labour.

The work of the Type Foundry has increased at a very rapid rate.

rate as will be seen from
the outturn of the past
3 years given below:-

1892-93 - 1893-94 - 1894-95
38,609th - 55,047th - 61,393th.

This is a most useful
branch of the Press and
the proposed increases
seem well justified.

M^r. Hill's proposals
involve an addition
of Rs 393,88^s per mensem
to the Permanent Esta-
-blishment, which he
believes can be met
from savings in the
current year. The
cost of piece work will
be correspondingly
reduced.

The last revision of
Est^t. was in 1893. (G.O.
260 at Madras). When
a somewhat similar
transfer from "piece" to
"permanent" was sanctioned.

Resubmitted with
C. 2146, being Mr Hill's
reply to G.O. 507 dt 21. 6. 95.

It is submitted that
what is asked for is
reasonable and may
be sanctioned.
579/95

* vide para 9 in the note

Order dt 21st June 1895 11-50
The papers will
be returned to the
Permanent Est^t.
with the request that
he will submit
the complete proposal
referred to in
reply to G.O. 507
dt 7/5/95, which should
be expedited.

30/6/95
