GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From Colonel H. W. H. COX, Commissioner of Police, Madras, to the Chief Secretary to Government, dated 12th June 1895, No. 50.

I have the honour to forward the annual report of the working of the Triplicane Langarkhana for the year 1894-95.

ENCLOSURE.

From M. VINAYAGAM MUDALIAR, Assistant Commissioner of Police, to the Commissioner of Police, dated Madras, 21st May 1895.

I have the honour to submit the following annual report and statement of receipts and expenditure of the Triplicane Langarkhana for the year 1894-95 :—

Receipts—		RS.	A.	P.
(a)	Balance at the close of 1893-94	939	10	3
(b)	Amount drawn from the Treasury	4,800	0	0
(c)	Interest drawn on investment of Rs. 3,000	134	10	9
(d)	Amount of toddy rent derived from the cocoanut trees	132	0	0
(e)	Sale-proceeds of broken rice and plantains, &c.	176	3	4
Total ..		6,182	8	4
Expenditure—				
	For feeding 1,836 out-door paupers with cooked food	1,873	0	10
	For distributing raw rice to 2,829 out-door paupers	2,385	11	0
	Money-doles to 160 out-door paupers	108	8	0
	For feeding 73 inmate paupers	136	4	3
	For servants' wages from March 1894 to February 1895	815	14	9
	Contingent charges	118	2	10
Total ..		5,437	9	8
Balance ..		744	14	8

2. Under the head of receipts it will be observed that there has been a decrease of Rs. 43 in item (e). This is due to the fact that the revenue from plantain trees still continues to be small.

3. There were in all 4,898 paupers against 4,324 in 1893-94, and the average expenditure per mensem was Rs. 453-2-1 against a monthly average of Rs. 454-13-2 in the preceding year. The cost of each pauper per mensem is Rs. 1-1-9 against Rs. 1-4-2, or 2 annas and 5 pies less than in the preceding year.

4. The following statement shows the number of paupers to whom relief in the shape of either cooked food or raw rice or money-doles was given :—

5. The total number of out-door paupers receiving cooked food, raw rice and money-doles was during the year 4,825, giving a monthly average of 402 against a monthly average of 353 in the preceding year. The total increase in the out-door paupers alone was 591. There was a decrease in the *inmate* paupers. Paupers who are really qualified to become *inmate* paupers are averse to remaining in the institution as *inmate* paupers, although the relief given to them is greater than that given to any other class of paupers. They get two meals a day, small pocket-money for betel-nut, &c., and, above all, decent clothing every year.

6. In paragraph 6 of my last year's report it was shown that in that year the institution maintained the largest number of paupers, and the year under report shows there has been a further improvement in this respect, the average number maintained being 402 against 353 in the previous year and the average cost also being less. This is a result due partially to the favourable prices at which rice was purchased as may be seen from the succeeding paragraph, but it is, I think, also due to thrifty and honest management and also to close supervision. The Superintendent and the concopilly are present from the very commencement of the cooking until the distribution of the food is over. No portion of the food is consumed by any other than the paupers themselves.

7. The following statement shows the price at which rice was purchased during the year :—

Months.	1893-94. Measures per pagoda.	1894-95. Measures per pagoda.
April 1894	M. OLL. 26 0	M. OLL. 32 4

June "	25 3½	31 0
July "	27 0½	28 4

February "	29 2	32 0
March "	30 6½	31 6
12)	322 7	374 1½
	26 7½	31 1½

It will be seen that the prices generally were more favourable in the year under report than in the preceding year. We had been in this year gaining nearly four measures upon every pagoda of rice purchased.

8. The contingent charges were also kept under proper control with a saving of Rs. 17.

9. The following statement shows the casualties and admissions during the year :—

	Deaths.	Dismissal. Absentees.	Admission.
Cooked-food recipients	6	17	15
Raw-rice recipients	15	8	24
Money-dole recipients	..	..	..

				Out-door paupers.			Inmates.
				Cooked-food recipients.	Raw-rice recipients.	Money-dole recipients.	
1. Number on the rolls on 1st April 1894	..	..	..	155	228	14	7

6. Average daily strength	..	..	..	153.03	235.80	14	6.08

11. The cost of distribution of raw rice to the forty Muhammadan paupers nominated by the Paymaster of Carnatic Stipends under G.O., dated 7th November 1885, Political Department, amounts to Rs. 594-2-5 as detailed below. There were five deaths and three admissions in the year :—

September "	40	49 13 9
October "	40	49 14 5
November "	40	49 15 6
December "	40	49 15 6
January 1895	39	48 10 7
February "	39	48 10 7
March "	38	47 7 6
Total	..	594 2 5

12. The number of Mussalman paupers of Mylapore and Triplicane who received money-dole at the Police Commissioner's office was, on 1st April 1894, twenty-five females. The number that stood on the rolls on 31st March 1895 was the same—twenty-five females.

13. It will be observed that the year closes with a balance nearly Rs. 200 less than the previous year. This is the result of the policy declared in paragraph 6 of the report for last year, viz., a gradual reduction of the balance available by increasing the relief granted.

ORDER—dated 22nd June 1895, No. 516, Public.

With the foregoing letter the Commissioner of Police submits the annual report on the Triplicane Langarkhana for the year 1894-95.

2. The subjoined abstract shows the receipts and charges of this institution for the last three years :—

Receipts.	1892-93.	1893-94.	1894-95.	Charges.	1892-93.	1893-94.	1894-95.
	RS.	RS.	RS.		RS.	RS.	RS.

Interest	120	120	135	To out-door paupers—			
Miscellaneous	320	351	308	Cooked food	2,201	2,094	1,873

				Contingencies	168	136	118
Total ..	6,349	6,398	6,183	Total ..	5,222	5,458	5,438
				Closing balance ..	1,127	940	745

3. The expenditure was Rs. 5,438, or Rs. 20 less than in 1893-94, although the number of paupers receiving help from the institution increased by 574.* This was principally due to the price of rice having fallen. The average cost per mensem of a pauper decreased from Rs. 1-4-2 to Rs. 1-1-9.

4. The average monthly expenditure on account of the forty paupers nominated by the Paymaster of Carnatic Stipends was Rs. 49-8-2. The number of Mussulman paupers of Mylapore and Triplicane in receipt of money-doles was the same at the close of the year as at the beginning, viz., 25.

5. The increase in the number of persons relieved is satisfactory.

The statement in regard to the number of persons relieved is not quite clear but is satisfactory. The increased relief granted last year was 3,000, which was more than in the preceding year. The report is satisfactory.
