SURGEON MAJOR-GENERAL C. SIETHORPE, F.R.C.P.J.

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

The Honble the Chief Secretary to Government.
Public Department

SIR,

With reference to paragraph 15 of G.O. No. 439
Public dated 31st May 1895 calling on me to go
carefully into the matter of "Special" and "Lady"
probationers in the Training School for sick runners
of the General Hospital, I have the honor to report
that I have consulted the Senior Medical Officer
and the Matron Superintendent on the subject. They
both consider that it is most desirable to encourage
a better class of probationers joining the School
in the hospital as they consider their influence
over the others would decidedly benefit them.
In this opinion I concur.

2. Consider the rules proposed in the Matron
Superintendent's letter No. 3658 of the 17th Decr.
1894 (page 1 of G.O. No. 439 dated 31st May 1895;
should be adopted as regards Lady ^{probationers} ~~probationers~~
but as suggested by me in para 8 of my letter
(page 2) of G.O. should be required to pay Rs. 1000
a month including their training housing and
food.

3. The Mission Superintendent now writes on the subject of "special probationers" and proposes they might be entertained on the system of the Nightingale Training School. She considers they should pay their expenses during one years training and should be chosen from a class better educated and superior in moral tone to the ordinary "Nurse probationers". They would qualify for the position of Matrons, Head Nurses or Night Superintendents. Their private actual expenditure would not be more than Rs 30/- monthly for food, servants and laundry. They would have to supply their own uniform. The food now supplied to Nurses and Nurse probationers at Rs 15/- a month for each is not suitable for Europeans as it chiefly consists of curry and rice and is cooked in a way not palatable to or easily digested by Europeans. These "special probationers" and "Lady Nurses" if sanctioned ought to have a cubicle each for sleeping accommodation separate of the G.D.. The "Special Probationers" should have a separate table in the general dining room for Nurse probationers, they should be under exactly the same rules & regulations and should be expected to set a good example to the "Nurse probationers". I concur in the above suggestions.

I have the honor to be

Sir

Yours Most Obedt. Servant.

Submits report with ref to
to go. no 439 of 31 May 1895 re-
garding the matter of special
& Lady probationers in the
training school for sick
nurses of the General Hospital

Pub: C. 2352.

It is submitted that
the present current
contains practically
no more information
than the previous comm.
The S.G. has again con-
sulted the S.M.O. and
the M.S. apparently
no enquiries have been
made as to the probab-
ilities of any candidates
coming forward.

The proposed "rules"
are not in proper form.

It seems quite
unnecessary for the
Govt. to waste time &
money on rules and
accoun^{ts} for a class of
probationers in the
absence of any indic-
ation that some will
be for the coming.

This is precisely the point to be
solved & the S.G. has not attempted
to do so - He should state his grounds
for thinking that Special & Lady Probationers
will be forthcoming & from whom

25B
28.7.95
The S.G. has certainly not to be
by carefully into this matter and
his letter is a most scabbling
production. Submitted that he
should be called upon for more
detailed information and for a
list of the rules which he would
propose to be put into the hands of the
H^{on} Secy

Order of 6th August 1875 No 658

The Surgeon General's attention will be ^{directed} ~~invited~~ to the observation in para 15 of the G.O. referred to by him, viz., "the probability of probationers coming forward on the term proposed appears to be remote". He will be re-

quested to state his ^{own} grounds for ~~thinking~~ ^{the opinion} that Spi and Lady Probationers will be forthcoming ^{where he considers that they will be found}.

2. The Surgeon General ^{will be found} should also furnish more detailed information on the subject and a draft, in the proper form, of rules which he would propose.
