Sir,

Enclosures.

In reply to G.O. No. 935 of date 5th the
23rd April I have the honor to report after
enquiry that the site and buildings of the
Government Hospital are situated on a plot of
about 14,000 square feet offered for sale to the
public. The ground is low lying & subject
to inundation when the Cooum is in high
flood and considering the position & arrange-
ment of the building it is not likely to be
sought after by the general public.

I have the honor to be

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE Honble the Chief Secretary to Government.

Public Department

SIR,

In continuation of my letter No 4209 of the 27th May 1895 regarding the Assistant to the Surgeon of the 2nd District Madras and with reference to G.O. No 390 Public dated the 14th June 1894 regarding the disposal of the buildings now used as the Hospital for Women & Children, the District Surgeon has pointed out to me the necessity of having a central office in the District where he can carry on the business connected with inquiries and his other medico-legal duties and he has also to deal there with the men and families of the Gun Carriage and Government Saddle and harness factories attending for advice and treatment, to examine for and grant certificates of physical fitness for candidates for Government service, to examine for and grant leave, pension and sick certificates, carry out the examination of cases sent by the Police and of lunatics.

2. For the purposes of an office, the

and district mortuary should suggest that he should be allowed to retain the following buildings.

- (a) N^o 13 on the D.P.W. register now occupied by the hospital matron which he says would require some slight additions and alterations, as a quarter for the Assistant Surgeon who should be required to live in them.
 - (b) The present mortuary, N^o 5 building as a District Mortuary.
 - (c) The present office room of the hospital with the examining room and adjacent bath room in buildings 1 and 2 as a dispensary and office.
3. The following establishment would also be necessary. One man to act as peon, waterman and surgery attendant on Rupees seven a month and one male boy on Rupees six a month.

I have the honor to be

Sir,

Your Most Obedt. Servant.

C. Northrop.

Surgeon General with the Govt. of Madras.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read petition from the President of the

Eurasian and Anglo Indian Association of S. India of 19 April 1895. praying that either the piece of land now lying vacant opposite to the General Hospital or a portion of the Compound of the Women & Children's Hospital may be granted to them for building a habitation.

Order thereon 27 May 1895 No 2120.

The President of the Eurasian & Anglo Indian Association will be informed that the grant of the vacant site opposite the General Hospital was already refused in G.O. No 672 dated 22nd August 1893 (Public) and that the Government sees no reason to reconsider that order.

2. As regards the portion of the Compound of the Women and Children's Hospital which is said to be about to fall vacant, a report will be obtained in the Public Department from the Surgeon General with the Government of Madras.

SUBJECT.

Passing orders on the
application of the President of
Eurasian & Anglo-Indian
Association for the grant of a
for building a 'Habitation'
the association.

FOR ORDERS.

Attention is invited to G.O.

dated 26th February 1895, No. 141.

The value of the site of the
present Women and Children's Hospital was
estimated at Rs. 40,629 and the buildings
at 52,492, or Rs. 93,121 in all by the
Consulting Architect. But that officer
now reports that if sold the property
would probably realise only Rs. 47,000.

Current 1713 contains an applica-
tion from the Surgeon-General for certain
of the buildings of the Hospital for the
Central Office of the 2nd District and
for quarters for the Assistant Surgeon.

Current 1744 embodies a request
for a site in the compound on which to
construct a 'Habitation' for the
Eurasian and Anglo-Indian Association

It is to be regretted that the
Madras Volunteer Guards are not in a

position

X I don't see why the S.G.
should not have application of the
buildings for use of the Surgeon &
the 2nd district, at all events as
a temporary measure until we find
a more suitable plot. But I am
not sure whether as a permanent
one I should find him an office of
his Apothecary residence. The
Surgeons of the 1st & 2nd districts are
also in charge of hospitals at which
presumably they are applicants for
treatment & certificates & I think
there are dead houses. But how does
the Surgeon of the 3rd district manage
in regard to these matters? Does he
find him an office &c?

As to the particular buildings applied
for by the S.G., I don't find them
marked on the plan in G.O. 573
of 18.8.94.
But why does he want the materials
quarters which will require expenditure
to fit them for the Apothecary's
use? Why can't he take the existing
Apothecary's quarters there now
the plan? ^{Is it not the case that the Apothecary has quarters?}
As this demand for a separate
to the 2nd district Surgeon
to the 1st district? ^{Is it not the case that the Apothecary has quarters?}
As to the E. & A. I. Assoc., I think we
should first provide for our own wants be-
fore considering theirs. I should say that
the best thing to do would be to let the
Volunteers have half of the ground (on
either side of the big drain) if the Unit
Dept will undertake to pay Rs 30000 for

position to make a better offer for the property as it would do excellently for the required drill hall etc. and Govt. is obliged to assist volunteering as much as possible.

Should it be found impossible to meet the volunteers in this matter, it is suggested that it might be practicable to move the Leper or Voluntary Venereal Hospital to the buildings about to be vacated. The former is badly in want of more space. This would effect a desirable reduction in the work of the Surgeon 1st District and the Leper Hospital could perhaps be managed by the new Assistant Surgeon 2nd District under the supervision of the Surgeon. The place is far more secluded than the existing Leper Hospital.

It is submitted that it would be a pity to let the property pass into the hands of a private - probably native - land lord. The Govt. has few open spots left to it to build upon if necessary outside the Military zone.

It would certainly be a pity to let this plot of land pass out of at any rate the control of Govt. and be built over with native huts - It may be at some time or the other wanted in connection with the School of Art. It would do well enough for workshops. 10/6/95

There are no other Apothecaries quarters provided for this hospital. It cannot require much expenditure to adapt this building for the use of the Assistant Surgeon as proposed and I will see that no unnecessary expenditure is incurred if Government sanctions my propositions.

3. When the incumbent of this post will be a Military Assistant Surgeon he is entitled to free quarters or compensation under existing rules. When the incumbent will be a Civil Assistant Surgeon he is not entitled to free quarters and would have to pay house rent under existing rules. It is most desirable that the incumbent should live close to the office and in a central place in the District.

4. The other District Surgeons are not allowed a peon and a boly each as the work for which these proposed men are required in the 2^d District is performed by the hospital servants in Royapuram and Royapettah. For the 3^d District all postmortems are carried on in the mortuary of the 2^d District, N^o 5 building D.P.W. marked B in the accompanying plan as there is no special mortuary for the 3^d District. So that this peon and boly would also do work for the 3^d District.

5. The buildings applied for are marked in blue pencil on the plan herewith returned.

A is N^o 13 on D.P.W. register, B is N^o 5 on D.P.W. register, C is in buildings 1 and 2 on D.P.W. register - If it is considered

desirable not to give up C as an office and dispensary the building marked on the plan D "cook room and latrine" could easily be adapted for the purpose, thus leaving the main building free for any other purpose for which Government may consider it suitable.
