FROM

THE RESIDENT IN MYSORE.

TO

*The Chief Secretary to the
Government of Madras.*

Dated Bangalore, September 1895.

SIR,

*In reply to your letter in the Public
Department N^o. 716 dated the 29th ultimo,
I have the honor to state that as the
Vaccination department of the Civil
and Military Station of Bangalore
has been organised by the Residency
Surgeon and is under his general
supervision, and as the duties connected
therewith are carried out by an efficient
staff of workers, the proposed inspection
of the Civil population by the Sanitary
Commissioner of Madras as to the
condition of Vaccination seems to me
to be unnecessary.*

2. There seems to be a misapprehension in the statement made in paragraph 2 of your letter that there are only two vaccinators here and that they are paid from the provincial funds at the disposal of the Madras Government. The Vaccination Establishment consists, I am informed, of one Superintendent, three 1st grade, two 2^d grade Vaccinators and a vaccinatrix, and is paid solely from Municipal funds. The lymphine used is obtained from the Vaccine Institute of the Mysore Government and the immunity of the Station from smallpox would seem to demonstrate that the present system is efficient.

I have the honor to be

Sir,

Your most obedient servant,

W. M. Young.

Resident.
