From

SURGEON-MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.J.

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

Madras,

To

THE HONOURABLE THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT.

SIR,

With reference to para 3 of G.O. No. 686, Public, dated the 14th August 1895, referring for my opinion the question of the advisability of placing the Chemical Examiner under the Surgeon-General for all purposes, I have the honor to state that the present arrangement whereby the Chemical Examiner was allowed to address Government direct and to conduct his duties independently of the Head of the Medical Department always appeared to me an anomalous one and the ^{inconspicuous} ~~facility~~ of the procedure was further demonstrated, when I took over charge of my present appointment.

2. I am strongly of opinion that the Officer should be brought under departmental control occupying the same position as other Professors of the Medical

Medical College, who hold Hospital appointments viz: that he should be subordinate to the Surgeon-General in the exercise of his duties as Chemical Examiner, and to the Director of Public Instruction in his capacity as Professor of Chemistry, Medical College.

3. With reference to the correspondence under consideration regarding the proposal to place the Chemical Examiner's Department under the Government of India, it is probable that when the Secretary of State's orders are received on the subject, their position will be thoroughly defined.

I have the honor to be,
Sir,

Your most obedient servant

C. S. S. S.

Surgeon-Major-General

Surgeon-General with the Govt. of Madras

C. S. S. S.

OFFICE OF THE DIRECTOR OF

PUBLIC INSTRUCTION,

Madras, 20th September 1895.

No. 10288

From

THE HONORABLE MR. D. DUNCAN, M.A., D.Sc.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. GEORGE.

SIR,

With reference to para 3 of G.O., No. 686, Public, dated, 14th ultimo, I have the honour to invite the attention of Government to Article 140 Section III of the Medical Code, Volume I, from which it appears that the Professor of Chemistry in the Medical College is ex-officio Chemical Examiner. In other words the Professorship is the primary duty of the incumbent of the combined offices. Most of the other Professors hold medical appointments and stand in the same footing as the Chemical Examiner. As long as College duties constitute a portion of the daily

Daily work demanded of each of these officers,
they must conform to the rules and regulations
of this Department and cannot be made
independent of it.

2. The Chairs of Chemistry, Midwifery and
Ophthalmology have been held for years by
officers holding ^{respectively} the appointments of Chemical
Examiner and Superintendents of the Lying-in-
Hospital and the Eye Infirmary, and no change
has ever been contemplated in their relations
to this Department. It will also be seen from
para 7 of this office letter to Government -
N^o. 12405, dated, 19th December 1894, containing
proposals for the reorganization of the College
that no change was recommended in the
present arrangements.

3. In view of the combined duties of some of
the Medical officers attached to the College
Government

Government in its orders, N^o. 191, Educational,
and 137, Public, dated, 13th June 1881 and 17th
January 1885 respectively laid down the procedure
to be adopted in the case of leave applications
and appointments of officers in the College.
It is clear from this that the Professors of the
College are subordinate to the Director and
cannot act independently as long as the College
is under the control of the Head of the Educa-
tional Department. It matters not to the
Director whether the Professor of Chemistry is in
his capacity of Chemical Examiner under the
direct orders of the Chief Secretary or of the
Surgeon-General; provided that it is made
perfectly clear that in his professorial capacity
he is under the orders of the Director of
Public Instruction.

I have the honour to be,
Sir,
Your most obedient servant.

L. D. D. D.
Director of Public Instruction

La... of these officers

... will shortly vacate
even for the sake of
argument.

The matter is $\therefore$ sub^d
for orders on its merits
as it stands. Perhaps
the procedure in other
Pres^s & Prov^s may first
be ascertained.

As there is a possibility
of Surgeon Major Vaulsey
being transferred
from the appt. of Chemi-
cal Examiner if India
accepts certain recom-
mendations that have been made
in the Revenue dept, it
is subd. that this matter
may lie over for the pres-
ent & Dr. V. G. be permit-
ted to continue to have
the privileges enjoyed
by his predecessors so
long as he is C. G. To
take away from him now
the privilege of being
treated as head of a dept
would look very like a
personal punishment,
wh. Dr. V. G. has certainly
not deserved, and the
change could be better
introduced with the
rest incumbent.
