THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

SIR,

Public DEPARTMENT.

With reference to Memorandum
No. 1793 dated the 2nd August 1895, Public,
I have the honor to forward herewith a
Statement showing the exact distance
within which quarters are obtainable for
hospital assistants in each of the cases
therein referred to.

2. I also include in the above
Statement the hospital assistant attached
to the Jail Hospital, Kallur, as the
Medical Officer has since brought to my
notice that he resides at a distance of
250 yards and cannot get a house
nearer.

FOR ORDERS.

The object of course is to
get the men to live close to their
work & that object is defeated
if to suit themselves, they are
allowed to live at a greater
than a specified distance. I
think 200 yds is suitable - if
we extend the distance we
shall simply have to pay all
more money for nothing.

The hardship of which the
S. G. speaks cannot really
exist for these men are well
enough paid as it is, according
to the view of this fact, & no point
of quarries or rent in this thing
was really required.

This file has been
delayed for the original
of G.O. No. 865 of 14. 11. 94,
which has only just become
available. It was re-
quired because in his
note with the H. M.
dated 20th 1st as the
"convenience" of
referred to by India in
its Resolution in G.O.
No. 578 of 7. 8. 94. Under
that Resolution if rent
is not sanctioned quar-
ries will have to be found.

I submit that the limit
might be extended to quarters
of a mile or further. That
300 yards is but a
small distance and that the
Colts of the District in which
the distance is greater than
the maximum which may be
fixed should be asked whether
they could find suitable residences
within the maximum. If they
cannot the question of building
will have to be considered. One
or two of the distances given by
the S. G. seem preposterous.

note for the H. M.

With ref. to the
H. M.'s note of the 12th inst
it is respectfully sub?
that the extension of
the limit to 250 yards
w^d include five of the
cases in the statement
and to 300 yards since ^{cases}.

If rent is not granted
quarters will have to
be provided at consid-
erable expense.

Limit so. But then you
get the advantage that
the men really will be living
close to their work

No. 895, PUBLIC, 29TH OCTOBER 1895.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following papers :—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 26th July 1895, No. 494-T.

I have the honour to state that complaints have been received from the marginally-noted Medical officers that hospital assistants serving under them have not been allowed compensation for quarters as per G.O., No. 865, Public, dated the 14th November 1894, on account of quarters either not being situated or procurable within 200 yards from the hospital.

2. The Accountant-General, to whom a reference was made on the subject, reports that he is precluded from passing the allowance, as the grant of it is conditional on the hired quarters being within 200 yards of the institution, and no provision is made for the payment of such allowance unless this condition is strictly complied with.

3. As it would be a great hardship on the Medical subordinates to deprive them of the allowances for no fault of their own, I request that Government will be pleased to authorize the Accountant-General in such exceptional cases to pass the allowance on a certificate signed by the head of office or department under whom the hospital assistant may be serving.

Reference, No. 1793.

The Surgeon-General is requested to state the exact distance within which suitable quarters *are* obtainable in each of the cases mentioned by him.

OOTACAMUND,
2nd August 1895.
