FROM

C. H. A. HILL, Esq.,
Under Secretary to the Government of India,

TO

The Chief Secy. to the Govt. of Madras.

Home Department

Simla, the 11th September 1895.

SIR,

I AM directed to state that a proposal has been made to the Government of India that Civil Medical pupils of the Hospital Assistant class should be granted the privilege of leave on full pay for a short period after passing their final examinations to enable them to visit their homes before entering upon their duties. It has been ascertained that such leave is already granted to the pupils of the Medical Schools in some Provinces, but the practice differs as to the length of the leave. In the Punjab, under Article 294 (2) of the Civil Service Regulations, leave on full pay for a period not exceeding one month is granted to the Civil Medical pupils of the Hospital Assistant class at the Lahore Medical School, while similar leave for a period of two months is given to the pupils of the Temple Medical School at Patna, who appear in this respect to be on an equal footing with Military Medical pupils, *vide* clause 197, Article 75 of the Indian Army Circulars for November 1882.

2. The Governor General in Council is of opinion that it would be desirable to secure uniformity of practice, as far as possible, in all Provinces in the matter of leave to pupils of the Hospital Assistant class, and I am to enquire whether *His Excellency the Governor in Council* would have any objection to adopting a rule by which leave on full pay up to a limit of 30 days should be admissible to Hospital Assistants on passing their final examinations and before joining their first appointments.

I have the honour to be,

SIR,

Your most obedient Servant,

C. H. A. Hill

In returning your endorsement No. 2303, Public dated the 27th September 1895, I have the honour to state that I see no objection to the adoption of the rule by which leave on full pay up to a limit of 30 days should be admissible to Hospital Assistants on passing their final examination and before joining their first appointments.

2. I would, however, suggest that this period of 30 days should include the ordinary joining time and that in respect of travelling allowances, the journey should be calculated from Madras where the Medical College is located and not from the station where the leave is spent.
