I am directed to acknowledge the receipt of the schedule of demands for Imperial Civil Works for the year 1895-96, and, in reply, to communicate the sanction of the Government of India to a provisional grant of Rs. 50,000, for which amount the preliminary issue of the budget estimate should be prepared.

2. The details of the provisional grant are given in the accompanying statement.

ORDER—dated 19th January 1895, No. 141 W., Public Works.

In the letter recorded above, the Government of India has assigned a provisional grant of Rs. 50,000 for expenditure on Imperial Civil Works in Madras during the year 1895-96, and the budget estimate for that year has been prepared accordingly.

2. A provision of Rs. 5,000 has been made for the Post office at Jeypore and this sum will be placed at the disposal of the Agent to the Governor, Vizagapatam, on receipt of the estimate called for in paragraph 2 of G.O., No. 3148 W., dated 8th December 1894, which should be expedited.

3. The estimate for reconstructing the cross road connecting the Chunampet-Madurantakam road with the Merkanam-Tindivanam road, which is reported to

have been received by the Board of Revenue from the Superintending Engineer, V Circle, should be submitted for the sanction of Government. Pending this sanction no outlay should be incurred on the work.

4. The Government of India has provided a lump sum of Rs. 10,800 for "other works," but no information has been afforded as to the particular works for which the grant is intended. It is, however, observed that no allotments have been made for the two works noted in the margin, the inclusion of which in the schedule was ordered by the Government of India in the Revenue Department. A reference on the subject will be made to that Government.

Meteorological Observatory building at Kodai-kanal.
Residence for the Superintendent at Kodai-kanal.

5. The control of grants for minor works under Postal and Telegraph being vested in the Directors-General of Post Offices and Telegraphs respectively, Superintending Engineers and the Consulting Architect will apply direct to those officers for funds required for incomplete and new works under the heads in question.

6. Part II of the budget contains the distribution by divisions of the grants for Postal and Telegraph repairs.

7. The allotments applied for by the Chief Engineer, Military Works, Madras Command, for repairs to the Postal and Telegraph buildings at Bangalore have been included in the budget estimate and will be placed at the disposal of that officer on receipt of the final orders of the Government of India on the budget estimate.

8. The difference between the budget and the revised estimate of charges for 1894-95 is due to the following causes:—

(a) Allotments for minor works subsequently sanctioned by the Directors-General of Post Offices and Telegraphs.

(b) Surrender to the Government of India of the grant for constructing a dam across the Valavanar in the Tanjore district.

(c) Transfer to the Military Works Department of the grant for repairs to the Postal and Telegraph buildings at Bangalore.

9. With these remarks, the preliminary issue of the Imperial Civil Works budget estimate for 1895-96 will be printed and circulated to the officers concerned for information and guidance and four copies will be forwarded to the Government of India, Public Works Department.
