To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT.

SIR,

With reference to para 5 of G.O. No. 65, Public, dated the 28th January 1895, I have the honour to state that the Surgeon, 1st District, Madras, has represented to me in connection with his explanation for delay in the submission of a document to this office, that the clerical and office work of the District cannot be efficiently performed without the services of a clerk. He states that both the Hospital and the office work are extremely heavy, and the Resident Apothecary and the other Medical Subordinates are fully occupied with the former thus rendering it impossible for them to perform the latter, with the result that there is much confusion amongst the records.

2. I enclose for the information of Government a list of the number of documents

that have passed through his office during the 8 months ending with 31st August 1895 - showing also whether the work is in connection with the District or the Municipality.

3. The Clerical work in the 1st District is far heavier than in the other Presidency Districts owing to the fact that a large proportion of Eurasian and Native Government servants reside in it and I am therefore strongly of opinion that a clerk (on Rs 25 per mensem) is indispensable for the due performance of the same. Should Government be pleased to favourably consider this recommendation, the necessary proposition Statement &c. will be submitted through the Accountant General.
