OFFICE OF SURGEON-GENERAL

No. 482

WITH THE GOVERNMENT OF MADRAS,

Encl.

Madras, 2nd November, 1895

From

SURGEON MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.J.

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

Madras,

To

THE Honorable the Chief Secretary to Government
Public Department.

SIR,

I have the honor to state that the Superintendent, Lying-in Hospital, Madras, represents that the existing doorway of the hospital is close to the general staircase and also to the Native Delivery wards and that the carriages or vehicles bringing patients must drive up to this doorway. Owing to this arrangement, inconvenience has always been felt for want of space for relatives accompanying patients to wait and on account of the nuisance of horses and bullocks fouling the ground so close to the wards. When Native cases are brought in from a long distance, a number of friends and relatives always accompany the cart and the Superintendent considers it necessary for several reasons that these persons should be allowed to wait and rest a while at the hospital.

fine weather they can wait at the gate, but in wet weather it seems only right that they should have a covered place to wait and rest.

2. The Consulting Architect to Government, who has been consulted by the Superintendent, states that the best arrangement would be to convert the existing Carriage Porch into a waiting place for people accompanying patients and to construct another Porch in front of it - of a cheap and light character. By this alteration, the general appearance of the hospital entrance will also be improved.

3. As the cost of the work is likely to exceed Rs 500, the Consulting Architect suggests that the sanction of Government should be obtained to enable him to prepare the necessary plan and estimate. I request therefore that Government will be pleased to sanction the work, which, as will be seen from the preceding paras, is very necessary, and to authorize the Consulting Architect to prepare the plan and estimate. I would request the favor of early orders being passed in the matter.

and order that the work may be completed while the D. P. W. are working at the hospital.

I have the honor to be,

Sir,

Your most obedient Servant,

Chunampal

I looked into this matter
on the spot & consider
the proposed alteration
necessary. An institution
of the kind wants an entrance
hall. Now there is none.
But this scheme will provide
one - approve it.

This paper was being
submitted to the H. M. on the
8th instant with a note
suggesting inspection when
H. M. went to the Lying-in-
Hospital to look into the question
of altering the covered ways.
The file relating to that
subject, however, returned to
the office that day and the
opportunity was lost.

In regard to the present
proposal, the H. M.'s attention
is invited to G.O. No. 21 Public
