COMMISSIONED MEDICAL OFFICER FOR THE
HOSPITAL AT RANGOON.

Informing the Government of India that it is impossible
to spare a---

Issued

Recd.

Encl.

G.O., No. 983, 2nd December 1895.

DECEMBER.

Commissioned Medical Officer.

Stating that the Government of India will be
informed that it is impossible to spare a — for
the Rangoon Hospital.

No. 983, PUBLIC, 2ND DECEMBER 1895.

2

Surgeon-Major-General C. SIBTHORPE, P.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 21st November 1895, No. 511.

In returning your endorsement, No. 2684, dated 8th November 1895, I have the honour to state that I cannot arrange to depute a commissioned medical officer to Burma to fill the appointment of Resident Medical Officer, Rangoon Hospital, until the officers applied for in my letter, No. 404, dated the 21st September 1895, have been placed at the disposal of the Madras Government for employment in the Civil Department.

2. I attach a distribution statement completed up to date showing that the Civil cadre is short of two officers and that the establishment as a whole is short of eleven officers; and five of those present are employed in appointments for which no provision is made in the cadre. This accounts for the difficulty in getting substitutes from the Military Department and this tension will continue until the seven officers expected in May next and the ten officers expected in November next have arrived.

Telegram from the Chief Secretary to the Government of Madras, to the Secretary to the Government of India, Home Department, Calcutta, dated 27th November 1895.

721. Your 821, thirty-first October, and telegram 865, twenty-sixth instant. Regret impossible spare medical officer for Burma.

ORDER—No. 983, Public, dated 2nd December 1895.

The Government of India will be informed that it is impossible to spare a medical officer for the hospital at Rangoon.

2. The Surgeon-General's attention will be invited to G.O., No. 932, Public, dated 12th November 1895, which disposed of his No. 404, dated 21st September 1895, and to which he has made no reference in his letter under disposal.

(True Extract.)

Chief Secretary.

To the Surgeon-General.

Exd. A. Raiff.

Governor.

No. 983, PUBLIC, 2ND DECEMBER 1895.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following papers :—

From L. M. THORNTON, Esq., Deputy Secretary to the Government of India, Home Department (Medical), to the Chief Secretary to the Government of Madras, dated Simla, the 31st October 1895, No. 821.

In continuation of the letter from this office, No. 174, dated the 28th March 1895, I am directed to state that, in consequence of recent additions made to the strength of the Indian Medical Service in Burma, it has been found necessary to increase the number of commissioned medical officers to be provided from the Madras establishment for service in Burma by two officers.

2. In the list which accompanied Home Department Resolution, Nos. 17—481—94, of the 31st October 1884, a copy of which was forwarded to the Government of Madras with this office letter, No. 26, dated the 22nd January 1885, the principle was laid down that the Madras Presidency should furnish half the total number of commissioned medical officers required for service in Burma, the other half being supplied from Bengal. At that time the sanctioned strength of such officers for Burma was ten (six in List I and four in List II), and according to the arrangement above referred to, five Civil Surgeoncies in Burma were provided for in the revised list of the Madras establishment which accompanied this office letter, No. 203, dated the 21st May 1885. Since then the strength of the Burma establishment has been increased by the addition of the following appointments :—

List I.

- (1) Secretary to the Inspector-General of Jails with Civil Administration.
- (2) Civil Surgeon of Mandalay.
- (3) Civil Surgeon of Myingyan.
- (4) Superintendent, Central Jail, Rangoon.
- (5) Superintendent, Central Jail, Insein.
- (6) Resident Medical Officer, Rangoon Hospital.

List II.

The number of Civil Surgeoncies reserved for commissioned medical officers has been increased from four to eight.

3. By the foregoing additions the strength of the Burma establishment now stands at twenty officers, of which the Madras establishment should provide ten instead of five as in 1885. Of these ten appointments, three (on account of Civil Surgeoncies in Burma) have already been added to the Madras strength as explained in paragraph 2 of this office letter, No. 174, dated the 28th March 1895. It only therefore remains to add two more officers to that list, thus raising the total sanctioned cadre for Madras from 131 to 133 officers.

4. I am to add that arrangements will be made for the recruitment of these two officers at the next examination to be held in London in February 1896, but that the Governor-General in Council will be obliged if the Government of Madras can meanwhile arrange to send an additional Madras officer to Burma to fill the appointment, recently sanctioned by the Secretary of State, of Resident Medical Officer at the Rangoon Hospital.

SURGEON-MAJOR-GENERAL G. SIBTHORPE, F.R.C.P.J.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

Madras,

To

THE HONOURABLE THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT.

SIR,

In returning your endorsement No. 2684 dated the 8th November 1895, I have the honour to state that I cannot arrange to depute a Commissioned Medical Officer to Burma to fill the appointment of Resident Medical Officer, Rangoon Hospital, until the officer applied for in my letter No. 404 dated the 21st September 1895 have been placed at the disposal of the Madras Government for employment in the Civil Department.

2. I attach a distribution Statement completed up to date showing that the Civil Cadre is short of 2 officers and that the establishment as a whole is short of 11 officers; and 5 of those present are employed in appointments for which no provision is made in the Cadre. This accounts for the difficulty in getting substitutes.

Public Currents 37797395

For Orders

In its letter N° 821 of
the 31st Oct. India intimates
the strength of Medl. officers
in the Burmah Establishment
is now 20, in accordance
with the principle enunciated
in G.O. 761 Pub d/26th March 83.
Madras should furnish
10 (ten) of these officers instead
of five as at present. After
intimating that arrangements
will be made for recruiting
officers in Feby '96 to bring
the Madras Estab^t up to
its total sanctioned strength.
India states ^{that} it will be obliged
if this Govt can send at once
a Medl. Officer to fill the
recently sanctioned appointment
of Resdt. Medl. Officer
at the Rangoon Hospital.

In his reply of the 21st
November the Surgn. Genl.
^{reports} ~~states~~ that he cannot depute
another officer to Burmah
until those asked for in
his No. 404, d/21st Sept. '95, have
been supplied. That letter
was disposed of by G.O. N° 931
Pub d/12th Nov. 95, to which

attest

...on is involved. It will
2. see that the Surgeon General
asked for three officers, of
how, it subsequently trans-
pired, only one was required
immediately. In addition,
he was anxious to obtain
the four supernumerary officers
referred to in para 4 of
India's Resolution in G.O.
No. 1. Pub. d/2nd Jan. 95.

Both applications were
disposed of by G.O. No 932,
but Dr. Sibthorpe, without re-
ferring to that order, confines
himself to remarking on
this occasion that until
he gets the officers previously
applied for he cannot
spare even one. Of the seven
additional officers one
would replace Surgeon Captain
Molesworth at the General
Hospital & it thus appears
that to spare one officer
for Burma Dr. Sibthorpe
requires an addition of
six officers to his existing
Establishment

It ^{occurs} ~~appears~~ from the
list submitted with C.
3950 that the difficulty
in obtaining officers from
the Mil. dept. is considerably
due to the fact that five
are employed in unau-
thorized appointments.

This

This, however, does not
strengthen the case of the
Civil dept as regards
necessity for additional
officers.

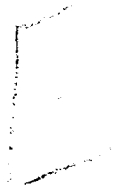

It is proposed to
simply inform India that
it is quite impossible to
spare an officer for the
hospital at Rangoon,
& to direct the Surgeon General's
attention to G.O. No 932
Pub d/12th Nov 95.

27/11/95

This seems all that can be
done. This question of mil
Officers is a standing nuisance
J.D.B.

*Medl. Officer for the
Rangoon Hospital*

from order

No. 983, PUBLIC, 2ND DECEMBER 1895.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following papers :—

From L. M. THORNTON, Esq., Deputy Secretary to the Government of India, Home Department (Medical), to the Chief Secretary to the Government of Madras, dated Simla, the 31st October 1895, No. 821.

In continuation of the letter from this office, No. 174, dated the 28th March 1895, I am directed to state that, in consequence of recent additions made to the strength of the Indian Medical Service in Burma, it has been found necessary to increase the number of commissioned medical officers to be provided from the Madras establishment for service in Burma by two officers.

2. In the list which accompanied Home Department Resolution, Nos. 17—481—94, of the 31st October 1884, a copy of which was forwarded to the Government of Madras with this office letter, No. 26, dated the 22nd January 1885, the principle was laid down that the Madras Presidency should furnish half the total number of commissioned medical officers required for service in Burma, the other half being supplied from Bengal. At that time the sanctioned strength of such officers for Burma was ten (six in List I and four in List II), and according to the arrangement above referred to, five Civil Surgeoncies in Burma were provided for in the revised list of the Madras establishment which accompanied this office letter, No. 203, dated the 21st May 1885. Since then the strength of the Burma establishment has been increased by the addition of the following appointments :—

List I.

- (1) Secretary to the Inspector-General of Jails with Civil Administration.
- (2) Civil Surgeon of Mandalay.
- (3) Civil Surgeon of Myingyan.
- (4) Superintendent, Central Jail, Rangoon.
- (5) Superintendent, Central Jail, Insein.
- (6) Resident Medical Officer, Rangoon Hospital.

List II.

The number of Civil Surgeoncies reserved for commissioned medical officers has been increased from four to eight.

3. By the foregoing additions the strength of the Burma establishment now stands at twenty officers, of which the Madras establishment should provide ten instead of five as in 1885. Of these ten appointments, three (on account of Civil Surgeoncies in Burma) have already been added to the Madras strength as explained in paragraph 2 of this office letter, No. 174, dated the 28th March 1895. It only therefore remains to add two more officers to that list, thus raising the total sanctioned cadre for Madras from 131 to 133 officers.

4. I am to add that arrangements will be made for the recruitment of these two officers at the next examination to be held in London in February 1896, but that the Governor-General in Council will be obliged if the Government of Madras can meanwhile arrange to send an additional Madras officer to Burma to fill the appointment, recently sanctioned by the Secretary of State, of Resident Medical Officer at the Rangoon Hospital.

From Surgeon-Major-General C. SIBTHORPE, P.B.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 21st November 1895, No. 511.

In returning your endorsement, No. 2684, dated 8th November 1895, I have the honour to state that I cannot arrange to depute a commissioned medical officer to Burma to fill the appointment of Resident Medical Officer, Rangoon Hospital, until the officers applied for in my letter, No. 404, dated the 21st September 1895, have been placed at the disposal of the Madras Government for employment in the Civil Department.

2. I attach a distribution statement completed up to date showing that the Civil cadre is short of two officers and that the establishment as a whole is short of eleven officers; and five of those present are employed in appointments for which no provision is made in the cadre. This accounts for the difficulty in getting substitutes from the Military Department and this tension will continue until the seven officers expected in May next and the ten officers expected in November next have arrived.

Telegram from the Chief Secretary to the Government of Madras, to the Secretary to the Government of India, Home Department, Calcutta, dated 27th November 1895.

721. Your 821, thirty-first October, and telegram 865, twenty-sixth instant. Regret impossible spare medical officer for Burma.

ORDER—No. 983, Public, dated 2nd December 1895.

The Government of India will be informed that it is impossible to spare a medical officer for the hospital at Rangoon.

2. The Surgeon-General's attention will be invited to G.O., No. 932, Public, dated 12th November 1895, which disposed of his No. 404, dated 21st September 1895, and to which he has made no reference in his letter under disposal.
