NOTE FOR THE Chief Assistant

Please see the accompanying Memorandum. It is long and the information therein regarding the three last mentioned institutions may have to be supplemented. But it contains everything bearing on the matter in hand that can be gleaned from the papers put up. The Rep here has been asked for any further info. on these instts. and he suggests asking the Madras office.

If approved the mem. could be typed at Madras and sent to the Surgeon Genl & the Office instructed to send along with it all the info. therein referred to, which are printed. It might be sometimes be told to make a further search for any subsequent papers on <sup>the subject</sup> Wasserkhat. Arrangements & Ray & Khan have left blanks for the C.W. nos of certain Encl.

as it is not clear

0. 1226 Tadd d/22.6.41 has since been put up and the necessary add. has been made. The same is being put up in the T. & P. Office.

S. G. R.

Before the note issues please make sure that we have no more definite information. This is peculiarly a case in which a note should have been put up by the Record Dept. The list send up is no good. Enter please No. of Encl. in the Note where necessary.

## Memorandum

### Sander (Bellary)

The G.O. quoted in the margin cannot be said to sanction the opening of any med. institution in the Sander State, and this fact ~~has nothing to do with sanctioning such matters in that State.~~ ~~but from the former of the files, it appears~~ that the dispensary was opened on the 1st Sept 1894, and from the latter that sanction was accorded to the transfer thither of a Hospital Assistant on certain conditions.

### Amindevi (Laccadives)

G.O. 1031 Rev d/9.7.75 sanctioned the construction of a dispensary on the Amindevi island at a cost of Rs 200. The previous G.O. is ~~connected~~ <sup>connected</sup> with the appointment of a Hospital Asst, but the desirability of establishing a small hospital on Amindevi is therein recommended.

### Govt Genl Hospital

There are no papers in the records apparently bearing on the <sup>actual</sup> opening of the Genl Hospital, but the extracts quoted <sup>in the margin</sup> refer to it seemingly, though in a very vague <sup>way</sup> fashion.

Gool Laper Hospital  
(in the Monagar Choultry)

From E.M.C. N<sup>o</sup> 1017 d/27.7.1813 we learn that the serious consequences resulting from the intermingling of lepers with the other paupers of the Momegas Choultry being pointed out, Govt directed their segregation, and, in E.M.C. 1234 d/3.9.1813, sanctioned the erection of a temporary building for them. But in E.M.C. 129 d/14.1.1814 we read that, (the lepers having been discharged), this "building is now appropriated to the use of the choultry". The result <sup>being</sup> that "the lepers being left to fall to pieces and to be loathsome to <sup>the natives and to</sup> others", Govt on the representation of the Momegas Choultry Committee sanctioned the purchase of a plot of ground in the vicinity of the choultry and the erection thereon of a bungalow of "permanent materials" for the admittance of lepers.

Emc. 504 2/11.8.1815. Finally  
 the Emc. 411-12 2/17. 5.1816 <sup>may mention</sup>  
 the Committee for the ensuing  
 year to manage the hospital  
 which has been some time  
 complicated.

Govt Ophthalmic Hospital  
 (Eye Infirmary)

The first three of the extracts  
 quoted relate to correspondence  
 regarding the suggestion of the  
 Court of Directors to employ  
 Mr. Richardson for the treatment  
 of the affections of the Eye.  
 Emc. N° 700 d/24.7.1819  
 sanctioned the hire of a building  
 as an Eye Infirmary at 607½  
 per annum and the appointment  
 of Mr. Surgeon Richardson  
 as Superintendent thereof on  
 a salary Rs 350, house rent  
 Rs 175½ and Rs 105 for servants  
 and country medicines.  
 G.O. N° 322 Pub-d/27.3.88 changed  
 the name "Eye Infirmary" to  
 "Govt Ophthalmic Hospital".

Govt Mal. Venereal Hoapl.  
 (Dock Hospital)

G.O. N° 1502 Pub d/29.11.67 sanctioned the  
 purchase, at Rs 25000, of certain  
 premises to be at once made  
 available for a dock hospital.  
 G.O. 1226 Pub d/30.9.68 <sup>approved by</sup> the  
 establishment for the hospital and  
~~consequently directed~~ that "the  
 Hospital should be opened with  
 as little delay as possible".

On the suspension of the operation  
 of the Contagious Diseases Act  
 of 1868 the hospital was  
 used as a dock-hospital in

 to continue provisionally as  
 a separate institution for six  
 months from the 1st July 88 with  
 a reduced establishment  
 on the purely voluntary system.  
 G.O. 698 Pub d/19.8.89 reviewed the  
 statistics of the hospital for its  
 first year under the new  
 regime and ~~contains~~ <sup>made</sup> an ad  
interim order <sup>for</sup> towards the closing  
 of the dock Hospital. G.O. 104  
 Pub d/13.2.90 converted it "into  
 a hospital for the treatment of  
 venereal diseases for all  
 classes of patients, admission  
 to which shall be perfectly  
 voluntary". and in G.O. N° 449  
 Pub d/7.7.90 the name <sup>was</sup>  
 formally changed to  
 "the Voluntary Venereal  
 Hospital".

Pallipport Lazaretto  
 (Malabar)

This lazaret was originally  
 established by the Dutch "for the  
 general good" and all the  
 expenses were borne firstly  
 the Dutch Govt and then by  
 the English Govt. Shortly after  
 "our capture" of Cochin it was  
 determined by the local au-  
 thorities, <sup>governor</sup> (in 1806) that the  
 Asylum should be kept  
 up from the proceeds of

 G.O. 524 Jil d/19.6.86 contain  
 orders similar to those quoted in the case of  
 Narraingapur. G.O. No. 995 Public  
 d/20.7.87 sanctioned the  
 establishment of a dispensary  
 at Rayaghadra on the scale  
 proposed by the Superintd.  
 and noted that, pending  
 the construction of a permi-  
 nent dispensary, certain  
 inhabitants of the place  
 had offered to defray  
 the rent of the building  
 used for the purpose.  
 From the statement printed on page
