The Secretary to Surgeon General  
with the Govt of Madras

1058.

I have the honor to forward  
proposition and redistribution statement  
entertainment of a third permanent Civil  
In support of this requisition I beg to  
the following observations:-

The services of a third permanent  
subordinate for work in this Hospital was  
for in 1891 but did not receive the sanction  
the Government vide G.O. dated 20<sup>th</sup> July  
1896 Bable. I do not think that the Govt  
at that time quite understood what the requirements  
of this Hospital was in this direction, and I  
venture now to enter into more detail to show  
the requirements really is.

2. Since 1891 the work of the Hospital has  
further increased and pro tanto the requirements  
for another Medical subordinate has become still  
more evident.

3. The night work in this Hospital is  
peculiarly heavy. There are frequent calls  
attended to sick patients in the wards;  
of labour admitted who have to be examined  
the Medical Officer on duty and operations to be  
undertaken at all times in the night. In case

but such as purport to be up nearly the  
but, in any case, at 7 A.M. he  
his wards ready for the visit of  
intendants and the usual routine work  
carried on.

we are, no doing duty Medical Subordinates  
junior Medical Subordinates have to  
duty from 6 A.M. on one day to  
the next day on alternate nights.

Resident Medical Officer cannot be called  
this duty as he is called out to the Hospital  
frequently at night to assist the Apothecary  
- There is in fact no other Presiding  
Officer in which the night work is so heavy  
continued.

4. A third Apothecary or Medical Officer  
too much required in the Wards.

The following is a general distribution  
work in the wards excluding the Central Delivery  
and Block for which the Apothecary on duty  
the day is responsible.

(1) Resident Assistant Surgeon - In charge  
the Registrars and Office Managers,  
patients at Egmore Dispensary, Stores and  
Medical Servants.

(2) Upper floor European Wards & 40 Native  
& Cottages 40 Beds - 1 Apothecary -

Ground floor,  
(3) Gynecological Block.

7  
108 There being only one Medical  
falls on an Apothecary at  
some other where he might be  
of Beds in his charge.

5. As the Surgeon  
aware doing duty Civil Apothecaries  
to being appointed to this Hospital  
there being no charge allowance and  
the amount of night work devolving  
the work of the Hospital is heavy.

6. There is no sick leave  
allowing of casual leave being taken.  
Sunday morning is a day of work for a  
Medical Officer in the Hospital. If  
goes sick or stays away even for a day  
is at once experienced and work becomes heavy.

7. In conclusion I would say  
that in a hospital of this kind which  
responsible for the teaching in Midwifery  
all the Students (Male and Female) of  
College as well as for the training  
and midwives there should be a Surgeon  
of Medical Subordinate Officers there.

of these men should  
which can be obtained.
