Read the following paper :—

From the Public Department, dated 3rd August 1896, No. 800 agreeing with the Inspector-General of Police that the Police Hospitals now maintained at Vellore & eleven other Stations may be closed; authorizing him to take the necessary action in view to the construction of police wards at Vizagapatam and Hosur; & referring for his remarks the proposals submitted by the Surgeon-General regarding Police Hospitals.

ORDER No. 1799 L.Mis. dated 30th September 1896.

With reference to the suggestion made by the Surgeon-General in clause (5) of his letter referred to in the Proceedings read above, it is observed that one-eighth of the pay and allowances of the medical subordinates in charge, which it is proposed by the Surgeon-General to reduce to an annual payment of Rs. 60, is not a large contribution for Government to make, considering the amount of medical aid rendered to the Police and other Government servants and the other work done for Government such as the grant of certificates, postmortem examinations &c. The surgeon-General's recommendation in clause (6) is approved.
