OCTOBER.

"Nomenclature of Diseases."

Communicating to the Surgeon-General, for guidance, letter from the Government of India requesting that the new edition of the — may be brought into use in all civil medical institutions with effect from the 1st January 1897.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From C. H. A. HILL, Esq., Under Secretary to the Government of India, Home Department (Medical), to the Chief Secretary to the Government of Madras, dated Simla, the 30th September 1896, No. 25-Medical—856.

With reference to the circular endorsement from this department, No. 13-Jails—531-40, dated the 21st September 1896 (copy attached), I am directed to forward herewith a copy of a letter, dated the 22nd July 1896, and enclosure, from the Registrar and Superintendent of Records, India Office, London, and to request that, with the permission of His Excellency the Governor in Council, steps may be taken with a view to the new (1896) edition of the "Nomenclature of Diseases" being also brought into use in all civil medical institutions with effect from the 1st January 1897.

ENCLOSURES.

From F. C. DANVERS, Esq., Registrar and Superintendent of Records, India Office, to the Secretary to the Government of India, Military Department, dated Whitehall, London, S.W., the 22nd July 1896.

In continuation of my letter, No. 990-R. and L., dated 29th May last, I am directed to forward, for the information of the Government of India, a copy of a letter * which has been received from the War Office on the subject of the new edition of the "Nomenclature of Diseases."

* Dated 16th July 1896.

From Sir ARTHUR HALIBURTON, K.C.B., Under Secretary of State, War Office, to the Under Secretary of State, India Office, dated Pall Mall, London, S.W., the 16th July 1896, No. 7609—717.

I am directed by the Secretary of State for War to intimate, for the information of the Secretary of State for India in Council, that the 3rd edition, being the second revision, of the Nomenclature of Diseases prepared by a joint committee appointed by the Royal College of Physicians, London, has been adopted by this department, and that a copy of the same will in due course be issued to each medical officer of the British Medical Service for his future guidance.

The arrangement of diseases is to be adopted generally in civil life and in the public services of this country, and it is very desirable that it should be made applicable to India.

This nomenclature will be used in all statistical returns furnished subsequent to the 1st January 1897.

From Surgeon-Major-General JAMES CLEGHORN, M.D., Sanitary Commissioner with the Government of India, to the Secretary to the Government of India, Home Department, dated Simla, the 9th September 1896, No. 652.

Orders having been issued by the Military authorities for the revised Nomenclature of Diseases (1896 edition) being used in all Army hospitals from the beginning of the next calendar year, I have the honour to suggest that all Local Governments and Administrations be also requested to issue instructions for the use of the revised nomenclature in the preparation of the jail returns with effect from 1st January 1897.

No. 13-Jails—531-40.

Copy forwarded to Local Governments and Administrations for information and guidance.

(By order.)
