Sir,

I am directed to forward an
indent in duplicate for a "Dry
and Wet bulb thermometer"
required for the Madras Observ-
atory. The cost is
admitted to be a small
sum. Explaining the necessity for
the same.

SUBJECT.

Submitting that an indent
in triplicate on the Secretary of
State for a Dry and Wet bulb
thermograph and trusting the
same may be sanctioned.

THE OBSERVATORY,

NEUNGUMBAKUM,

Madras, 17th November 1896.

FROM

THE GOVERNMENT ASTRONOMER.

Madras.

TO

The Hon'ble Mr. A. J. Arundel.,

Ag Chief Secretary to Government.

SIR,

I have the honor to enclose an indent on the Secretary of State for a "Dry and Wet bulb thermograph" which I trust may be sanctioned. The cost can be met from the provision in the budget of the current year.

2. In going over the old hourly observations of temperature with a view of discussing them fully, I find that certain difficulties in the way of a full discussion can be overcome only by taking a series of hourly readings for a short time under existing conditions of exposure. To do this by eye readings would involve a heavy expense as it could not be done by the present establishment. Can
the

to other hands with the instrument
desired it could be done very easily.

I have the honor to be,

Sir,

Your most obedient Servant,

Charles Smith

Govt. Astronomer.
