GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—again the following paper:—

G.O., Mis. No. 1059, Public, dated 25th September 1896.

Order—No. 1059, Public, dated 25th September 1896.

2. The Surgeon-General is requested, with reference to G.Os., No. 645, Public, dated 31st July 1895, and No. 919, dated 8th November 1895, to ascertain and report the practice in other provinces as regards the grant of leave to Assistant Surgeons.

READ—also the following paper:—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 30th November 1896, No. 540.

With reference to paragraph 2 of G.O., No. 1059, Public, dated the 25th September 1896, I have the honour to report that the practice regarding the grant of leave to Civil Assistant Surgeons differs in the various provinces.

2. The Director-General, Indian Medical Service, states that in Bengal, North-West Provinces and Oudh, and the Punjab all leave is granted by the head of the Civil Medical Department and notified in the Provincial Gazette; but in the Central Provinces all applications for leave, except casual leave, are submitted to the Local Government for sanction with the recommendation of the Administrative Medical Officer and when granted, the leave is notified in the local Gazette.

3. In Bombay any kind of leave applied for by Civil Assistant Surgeons requires the sanction of Government, except privilege leave up to and under a month when no substitute is required or any extra expenditure involved, in which case the leave is sanctioned by the Surgeon-General.

4. In my opinion the practice which obtains in Bengal, North-West Provinces and the Punjab is very convenient and also more in keeping with the orders of the Government of India, communicated with G.O., No. 487, Public, dated the 15th June 1895, and may with advantage be followed in this Presidency.

ORDER—No. 1330, Public, dated 18th December 1896.

His Excellency the Governor in Council agrees with the Surgeon-General that the practice which obtains in Bengal may be conveniently adopted in this Presidency

and accordingly directs that, in future, all leave to Assistant Surgeons shall be granted at the discretion of the head of the Civil Medical Department and notified by him in Part II of the *Fort St. George Gazette*.

It is remarked in the
 notes at G that, whereas
 prohibitions depend on
 length of service and
 amount, and are of
 a routine nature,
 request of leave in excess
 of one month, when a
 substitute is necessary,
 can hardly be so
 considered.

The change recommended
 by the S. G. would save a
 lot of references & correspondence
