GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following papers :—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated 5th October 1895, No. 435.

With reference to paragraph 8 of G.O., No. 439, Public, dated the 31st May 1895, on the Lady Wenlock Nursing Institute, recording the fact that the Government of India will be addressed on the subject of obtaining the services of a trained lady from England as Assistant Matron Superintendent in the General Hospital, I have the honour to submit, for the orders of Government, an application from a Miss Dent of the Sassoon Hospital, Poona, for the post with nine of her testimonials in original.

2. In forwarding this application, the Matron Superintendent writes: "I consider Miss Dent properly qualified for the appointment of Assistant Matron. She has been trained in the Nightingale School attached to St. Thomas' Hospital, London," and Dr. Croft, Consulting Surgeon at St. Thomas' Hospital, writes in the testimonial given to Miss Dent "the fact that she was given charge of a ward in the hospital and was appointed Night Superintendent is a testimonial to her high character." She has also acted as Matron in two hospitals in England and received commendation from the respective Boards of Management and from her experience (about three years) in the Sassoon Hospital, Poona, she would likely be more useful than a lady direct from England. Another point in her favour is that she had, as Night Superintendent, charge of one thousand patients and only a very indifferent staff of nurses in the Birmingham infirmary. The Senior Medical officer writes: "I would beg to point out that Miss Dent's testimonials show that she is a lady from England, thoroughly trained as a nurse and in the administration of a large hospital and competent to take up the duties of Matron Superintendent should need arise." I agree with the Matron Superintendent in thinking that her Indian experience would be of great advantage to this hospital. Another advantage would be that if appointed she could probably join sooner than a lady appointed in England.

3. As I fully concur in the opinions expressed by the Senior Medical officer and the Matron Superintendent, I have no hesitation in recommending that Miss Dent should be engaged, if the Right Honourable the Secretary of State has not already engaged a lady in England.

From C. H. A. HILL, Esq., Under Secretary to the Government of India (Home Department—Medical), to the Chief Secretary to the Government of Madras, dated Calcutta, the 15th January 1896, No. 22.

In continuation of paragraph 1 of the letter from this Department, No. 869, dated the 2nd December 1895, I am directed to forward, for the information of His Excellency the Governor in Council, a copy of the papers marginally noted regarding the appointment of an Assistant Matron Superintendent to the General Hospital at Madras, I am to request that Financial Despatch to the Secretary of State, No. 293, dated the 16th October 1895. Public Despatch from the Secretary of State, No. 108, dated the 28th November 1895, with Miss Dent's agreement in triplicate (in original).

the third copy of Miss Dent's agreement may, after it is signed by her, be returned to this department for transmission to the India Office.

2. I am at the same time to ask for a reply to paragraphs 2 and 3 of this office letter of the 2nd December 1895.

ENCLOSURES.

Despatch from the Government of India, Finance and Commerce Department (Salaries, &c.—Medical), to the Right Honourable Her Majesty's Secretary of State for India, dated Simla, the 16th October 1895, No. 293.

We have the honour to forward a copy of a letter from the Government of Madras, No. 440 (Public), dated the 31st May 1895, representing that in consequence of the approaching amalgamation of the Women and Children's Hospital with the General Hospital at Madras, an increase in the superintending establishment of the latter institution will be absolutely necessary. They accordingly solicit sanction to an increase in the pay of the present Matron Superintendent from Rs. 300 to Rs. 300—20—400 a month, and the appointment of an Assistant Matron Superintendent on Rs. 200—20—300 a month.

2. The Madras Government represent that the contemplated reorganization will entail additional work and responsibility on the Matron Superintendent, and that, in consideration of the great increase in her duties which will shortly occur, she should receive an increase of pay to Rs. 300—20—400, and that an Assistant Matron Superintendent should be appointed from England on Rs. 200—20—300 with free quarters. We propose to further consider the former proposal when the Madras Government submit the required proposition statement, but we are of opinion that the appointment of an Assistant Matron is urgently required and accordingly recommend the proposal for your Lordship's sanction.

3. The Assistant Matron should be a lady by birth and, as pointed out by the Madras Government, it is desirable, with a view to her being qualified to assume charge of the duties of the Matron Superintendent, when necessity arises, that she should be a thoroughly trained nurse, with some experience in the administration of a large hospital. We agree with the Madras Government that she should be provided with a second-class passage by P. & O. with the stipulation of a similar return passage in the event of her health failing within five years of her arrival.

4. It will be observed that the Government of Madras combine with their proposals for the appointment of an Assistant Matron Superintendent certain suggestions relating to the establishment of a nursing institution and a training school for nurses. We have not yet accepted the proposals so far as they relate to the establishment of that institution, and on this point shall further communicate with the Government of Madras. The Assistant Matron however is in our opinion a necessity independently of these proposals.

5. We request that early steps may be taken to secure the services of an Assistant Matron on the terms proposed.

Despatch from the Right Honourable Her Majesty's Secretary of State for India, to His Excellency the Right Honourable the Governor-General of India in Council, dated India Office, London, 28th November 1895, No. 108, Public.

Having considered in Council your Financial letter, dated the 16th October 1895, No. 293, and your telegram, dated the 5th November 1895, I sanction the appointment of Miss Dent of the Sassoon Hospital at Poona to be Assistant Matron Superintendent to the General Hospital at Madras, on the terms proposed by the Government of Madras.

2. An agreement in the usual form is herewith forwarded in triplicate for Miss Dent's signature. One copy should be retained by her, another by the Government of Madras and the third should be returned to this office.

ORDER—No. 134, Public, dated 28th January 1896.

Paragraph 1 of the letter from the Government of India, No. 22, dated 15th January 1896, together with the despatch from the Right Honourable the Secretary of State, will be communicated to the Surgeon-General, who will be requested to have Miss Dent's Agreement duly executed in the event of her being confirmed on the expiration of her probationary period, and two copies of the same returned to Government.

2. The enclosures received with the Surgeon-General's letter, No. 435, dated 5th October 1895, will be returned to him.

3. Miss Dent's appointment will in the first instance be for three months on probation.

2. The Madras Government represent that the contemplated reorganization will entail additional work and responsibility on the Matron Superintendent, and that, in consideration of the great increase in her duties which will shortly occur, she should receive an increase of pay to Rs. 300—20—400, and that an Assistant Matron Superintendent should be appointed from England on Rs. 200—20—300 with free quarters. We propose to further consider the former proposal when the Madras Government submit the required proposition statement, but we are of opinion that the appointment of an Assistant Matron is urgently required and accordingly recommend the proposal for Your Lordship's sanction.

3. The Assistant Matron should be a lady by birth and, as pointed out by the Madras Government, it is desirable, with a view to her being qualified to assume charge of the duties of the Matron Superintendent, when necessity arises, that she should be a thoroughly trained nurse, with some experience in the administration of a large hospital. We agree with the Madras Government that she should be provided with a second class passage by P. & O. with the stipulation of a similar return passage in the event of her health failing within five years of her arrival.

4. It will be observed that the Government of Madras combine with their proposals for the appointment of an Assistant Matron Superintendent, certain suggestions relating to the establishment of a nursing institution and a training school for nurses. We have not yet accepted the proposals so far as they relate to the establishment of that Institution, and on this point shall further communicate with the Government of Madras. The Assistant Matron however is in our opinion a necessity independently of these proposals.

5. We request that early steps may be taken to secure the services of an Assistant Matron on the terms proposed.
