No. C. 824

OFFICE OF THE INSPECTOR-GENERAL OF PRISONS, MADRAS,

Dated Tanjore, the 29th August 1896.

From

A. G. CARDEW, Esq., M.A.,

INSPECTOR-GENERAL OF PRISONS,

MADRAS,

To

THE HONOURABLE MR. J. F. PRICE C.S.I.

CHIEF SECRETARY TO GOVERNMENT,

SIR,

Enclosures.

In my Letter No. 2239 dated 1st May 1895 I submitted in reply to G.O. No. 453, dated 13th April 1895, — certain remarks and suggestions regarding the provision of official residences for Superintendents of District Tails. One of the cases referred to was that of the Superintendent of the Madura District Tail who, I stated, has to drive the whole length of the town, about 3 miles to reach the Tail.

2. On recently visiting Madura I was informed that the Government has sanctioned the erection there of a residence for the District Medical officer, and it is regarding the site of that residence that I beg leave to be allowed to submit a representation.

3. Although I have no official information on the subject, I am informed by the acting District Medical officer that the site proposed for the residence of the District Medical officer who is ex-officio Superintendent of the Tail is not less than 2½ miles distant from the Tail while it is about 3½ miles distant from the Civil Hospital.

re private residence now usually occupied by the Medical officer has the advantage, from a social point of view, of being close to the European Club, but the proposed site of the official residence is said to be nearly as far from the club as from the Jail.

4. The distance from the Jail to the Civil Hospital is between a mile and a mile and a half. If therefore, the residence of the District Medical officer were placed at the Jail, he would be materially nearer his Civil Hospital than he will be if his house is built on the site already proposed. The benefit to the Jail administration of having the Superintendent close at hand will be incalculable. It would, in many cases, make all the difference between the real working of the Jail being in the hands of a Jailor on Rs. 75/- per mensem or of a Commissioned Medical officer on Rs. 850. Nor would the Medical officer be appreciably further from the European centre of society at the club if his quarters were built at the Jail than he would be if his house is located on the site at present proposed.

5. There thus seem to be the strongest grounds for placing the residence for the District Medical officer at the District Jail at Madura.

6. It is probable that the reason for the selection of the site at present proposed is that it is Government land, whereas if a site near the Jail were selected, it would probably be necessary to acquire the land. I would however, submit that when the very great advantage to the administration which would result from locating the Medical officer near the Jail is considered, it is worth while, if the Government is going to build an official residence for the District Medical officer, to go to the further expense of securing a site.

I have the honour to be
Sir,
your most obed^t servant

A G Cardew.
Insp^t Genl of Prisons.

Public DEPARTMENT

C. No. 2934.

FOR ORDERS.

The J.G. begs the question when he assumes that the Jail will remain where it is - should say it is moved to the other side of the river with the officers' houses will be built -

I can't see why we should condemn the D.M. & S.O. to live alone by himself near the Jail - from the new site for officers' houses round by Jail & Hospital is but an ordinary drive & the D.M. & S.O. is as much entitled to be moved to a healthy locality as any other officer - However, I shall probably go to Madura before long - I shall know for certain in a few days - if I do will consider the question on the spot - but let this be over until my plans are settled. If I go, the J.G.'s letter can be sent but not the reply.

H. E. the Governor.

Need the Surgeon Genl be consulted? Mr. Cardew seems to have made out a good case

20
12/9/96

Hon. Mr. Bliss. C. J. E.

Resubmitted, as it is understood that the D.M. is not going to Madura

11/3/10/96

No - I have changed my plans - Still, I know Madras very well & am against the J.G.

18/9

5/10/96

Hon. Mr. Brose. C. J. E.

The same reason has been advanced us to get the new site made & to resolve that the D.M. & S.O. should live there.

H. E. the Governor.

7/10/96

Re submitted to Honble Mr. Bhas
Honors with reference
to His Excellency's note above.

30B
19/10/96
H. M.

It is not as if the D.M. & S.O. had only
to look after the jail - He has many
other duties & it will on the whole, I
think, be best for his discharge of them
that he sh. live on the N. side of the river
where the other officers will live. He will be
disturbed, I am sure, & the D.M. will be
be put down to him of himself, & it will
not, I should say, be as healthy for him &
his family. No doubt there are private
considerations, but they seem to me to
be due to inhibit against public efficiency.
I should put the D.M. & S.O. with the others

It might be well to consult the Surgeon-General
Mr. Girdle's letter being sent to him for consideration
report. The papers might then be submitted to the
Hon. Secy.

FOR ORDERS.

G.O.	No.	Department.	Date.

[1]

No. 561

OFFICE OF SURGEON-GENERAL
WITH THE GOVERNMENT OF MADRAS,
Madras, 11 December 1896.

From

SURGEON-MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.I.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT.

SIR,

In returning your endorsement No.2347, Public, d/ the 7th November 1896, I have the honour to state that I cannot agree with the Inspector-General of Prisons that the new quarters for the District Medical and Sanitary Officer, ---- Madura, should be built at the Jail.

2. The site now proposed is about two miles from the Jail and the same distance from the Civil Hospital and not three and a half miles as mentioned by him. If, therefore, the District Medical and Sanitary Officer lived at the Jail he would not be very materially nearer his Hospital than if he lived on the new site.

3. In para 3 of his letter, the Inspector-General remarks that "the private residence now usually occupied by the Medical Officer has the advantage from a social point of view of being close to the European Club, but the proposed site of the Official residence is said to be nearly as far from the Club as from the Jail." Mr Cardew is not evidently aware that a new Club is to be erected on the new site for the European Officials - vide G.O.No.767, Public, dated the 12th September 1895 and even if it were not moved, it is incorrect to say that the present Club is nearly as close to the Jail as it is to the new site; the distance between the present Club and the Jail is nearly double that between the Club and the site for Officials' houses.

4. If the District Medical and Sanitary Officer lived at the Jail he could be of little use professionally to the European Officials, as his services are generally required at all times of the day and night and even if one official was seriously ill, the difficulties to be contended with in the way of travelling would be very great, if the Medical Officer had to drive several times a day from the Jail to the European quarters. Not so if the Medical Officer lived close to the other European officials, for Jail work demands a visit to the Jail only once a day and that work can be easily done on an average in about an hour and a half. I certainly think that he should live with the other officials as his medical duties amongst them are far more important than a closer supervision of the Jail.

I have the honour to be,

Sir,

Your most obedient Servant,

C. J. Troppel

Surgeon-Major-General,

Surgeon-General with the

Government of Madras.

Over

NOTE FOR THE CHIEF SECRETARY.
