No.

SUBJECT.

Forwarding for sanction  
plan and estimate for the  
construction of an isolation  
shed for female patients  
in the General Hospital.

For Orders

Public Current 217

This may be sanctioned  
but point out that  
(1) the site should be slightly  
changed so that the drain  
should run under one of the  
main blocks but under the  
passage of the Nurses' room  
(2) The bath rooms should  
be moved so as not to  
block the passage into  
the latrines, but to leave  
them open to access without  
going through the bath rooms.

RM

5/2/96

This is an urgent <sup>work</sup> matter  
should be ~~begun~~ carried out  
at once.

In para 4 of No. 390 dtd 4th June 94 pro-  
posals for redistribution  
of wards and establish-  
ments in the General Hospital  
on the transfer to it of  
the Women & Children  
Hospl, were sanctioned,  
and the transfer of a shed  
for female patients from  
the old premises in Egmore  
on the construction of a new  
one if necessary, was  
approved.

The Surgeon General  
now submits for very  
early sanction a plan  
& estimate amounting to  
Rs 4,930 for the construction  
of two isolated sheds  
for female patients  
for the General Hospl with  
a Nurses' Pavilion  
between them

It is not stated  
how many beds

shed will contain, but  
the size of each of the two  
wards is 33ft by 19.

The Surge Genl's pro-  
posal to add two small  
corner rooms in the  
verandah of the nurses'  
pavilion does not appear  
to have been adopted  
by the Senior Medical  
Officer.

I take it that the wards would  
hold about six beds each.  
It is quite possible that  
the S.G.'s have regarding adding  
the two small rooms was over-  
looked. <sup>20</sup>

Hon. Mr. H. W. Bliss C.S.

Public Current 217

Order No. 199 d/4 Feb 96

The plan and estimate  
are approved subject to the  
following remarks -

- (1) the site should be slightly  
changed so that the drain should  
not run under one of the main  
blocks, but under the passage  
or the nurses' room.
- (2) the bath rooms should be  
moved so as not to block  
the passages leading to the  
latrines, but to leave them  
open to access without going  
through the bath rooms.

2. As the work is of  
an urgent nature,  
the P. W. Dept will be re-  
quested to <sup>have it car-</sup>ried out  
~~the execution of the work~~  
at a very early date
