Stating that as the use
of — for vaccination in
South Canara Dt. has been
approved in the G.O. quoted,
the supply required for the
Amindivi Islands may be
obtained from the Dt. Vaccine
Depôt

WITH ORDER

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper :—

From the President, District Board, South Canara, dated 16th December 1895, II Ref. on C.No.1570/D.B.

I have the honour to submit, for the orders of Government, a proposal from the District Medical & Sanitary Officer recommending the use of lanoline as the vehicle for the preparation of vaccine lymph in this District.

2. I called the attention of the District Medical & Sanitary Officer to G.O.No.860 Public, dated 10th October 1891, which peremptorily forbids the use of lanoline paste and asked whether he had consulted the Deputy Sanitary Commissioner before making his present proposal. He replies that he has consulted the Sanitary Commissioner.

3. The failure of the glycerine paste has been long continued and has made it exceedingly difficult to enforce discipline amongst the staff by means of fines. It discourages the people from submitting to vaccination.

4. The District Medical & Sanitary Officer is satisfied that glycerine paste being an antiseptic has the effect of speedily destroying the vitality of lymph. The lymph now prepared is proved to be good by its wonderful success in the Municipality (nearly cent per cent), but when there are a few days delay in transmitting it to vaccinators at a distance, failures result. He states that the lanoline paste which he proposes to introduce is not liable to the objections which were found in 1891. I believe it has been found possible to introduce it in Bellary district.

5. I request the favour of very early orders permitting the use of lanoline.

Local and Municipal Department,

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

From the Public Department, dated 23rd January 1906, No. 185
 for reference Revenue G. No. 104 of 10th January 1906, in
 connection with the said letter of 10th January 1906, in
 which the Govt. report on the inspection of the said island is
 referred to.

Order, No. 2571, is, dated 3th February 1891.

A check of the ~~the~~ 1915-1916 production in the oil fields is being made in the G.O.No.15 B. dated 26th January 1920. The number of barrels of oil and gas which may be produced from the oil fields is being estimated. The oil will be available either on an addition to or in place of the oil which is being produced by the collector.
