ORDER *No 264 d/20 Feb 96*

His

In para: 4 of his letter No. 55, d/ 12th Decr: 1895, recorded in the G.O. ~~quoted~~ ^{above}, the S.G. suggested that the General Hospital buildings should be continued on the roof of the present Station Hospital in view to accommodation being provided there for the women and children, ~~and~~ the wards at present occupied by them being adapted for occupation by nurses. The Consulting Architect's rough estimate for this proposal ~~amounts~~ ^S to Rs. 13,137.

Turner quite agree to this. S.H. 12-12-96

This expensive addition to the Hospital buildings ~~is~~ ^{appears} clearly ~~shown~~ ^{by} the S.G. not to be a necessity, and, after careful consideration, the Govt. is of opinion that it would not be justified in spending so large a sum on what would be a mere improvement when other more important and urgent matters call for the expense ~~of~~ ^{diture} of state funds.

2. The estimate of Rs. 13,137 for dividing the Hobart, Argyle and Dufferin wards into cubicles for the nurses is approved for execution when the Station Hospital buildings are vacated by the Military authorities. Enclosures A, D and E to the S.G.'s letter quoted above will be transferred to the P.W.D. 3. With reference to para: 3 of the

the S.G.'s letter, it is observed that it has been decided that the midwifery pupils shall receive the whole of their training at the Govt. Maternity Hospital. The S.G. however has ^{in his letter} ~~apparently~~ made no provision for the pupils to be taken into training for the Dufferin Fund and for Local bodies. In ^{para 5} he has provided for only ^{six} ~~such~~ pupils and ^{six} ~~mid-~~ wifery pupils, or ^{twelve} ~~12~~ in all, in addition to the Nursing staff of the hospital itself. It appears to the Govt. essential that space should be provided for ^{twelve} ~~12~~ although ~~that~~ no midwifery pupils are taken into training. No reduction should therefore be made in the total accommodation proposed.
