MEMORANDUM.

Dated Madras, 28th February 1896.

Letter from the Engineer-in-Chief, Arsikere-Mangalore
Railway Survey, to the Consulting Engineer for Railways, Mad-
ras dated 27th February 1896, No. 188.

I have the honor to state with reference to my tele-
gram of today that Mr. Farewell reports much sickness in his -
Camp. He has himself been ill with fever and Canara Sores, and
he states that there have been some cases of cholera in Uppen-
angady. The present Hospital Assistant is attached to No. 2.-
Division, and the camps are now too far separated for him to
work them both, and it is risky allowing him to be absent. The
man I have now applied for should join at once with a proper
medicine chest and a supply of Vaccine lymph. He will be re-
quired until the end of May on which date both these Medical
Subordinates will be returned to the Medical Department.

Copy forwarded to the Public Department for favor
of necessary action in continuation of P.W.D. Endorsement No.
1153 C. dated 28th February 1896.
