No. 4259 S. R., dated 6th August 1895.

From—H. H. RISLEY, Esq., C.I.E., Secretary to the Government of Bengal, Financial Department,
To—The Secretary to the Government of India, FINANCE AND COMMERCE DEPARTMENT.

I am directed to submit, for the favourable consideration and orders of the Government of India, the accompanying copy of a letter from the Board of Revenue, No. 625 B., dated the 16th July 1895, regarding a proposal to insert a new rule after Rule 4 (12) of the Rules made under sections 5 and 13 of the Opium Act, I of 1878.

2. The Lieutenant-Governor supports the Board's proposal, and desires me to request that the Government of India may be moved to sanction the insertion of the proposed rule.

No. 625 B., dated 16th July 1895.

From—The Officiating Secretary to the Board of Revenue, Lower Provinces,
To—The Secretary to the Government of Bengal, Revenue Department.

In June last the Board were informed by the Opium Agent of Bihar that nine cases of medical opium had been detained by the Collector of Ahmednagar in transit from the Opium Factory at Patna to the Medical Storekeeper to the Government of Madras, for want of a passport. The opium was subsequently released by the Collector on a telegram being sent to him by the Opium Agent asking him to do so. A similar incident occurred at Ahmednagar in 1891, the same action as in the present case being taken by the Opium Agent for the release of the opium. No pass to cover the opium in transit accompanied the consignment in either case.

2. To provide against a recurrence of such detentions in future, the Board, after consulting the Opium Agent of Bihar, recommend the addition of the following rule after Rule 4 (12) of the Government Opium Rules, for the approval of Government :—

(13) "No pass is required for medical opium sent from the Patna Factory, or morphia from the Ghazipur Factory, to any part of India.

No. 4412 S. R., dated 12th September 1895.

From—R. M. DANE, Esq., Deputy Secretary to the Government of India,
FINANCE AND COMMERCE DEPARTMENT,
To—The Secretary to the Government of Bengal, Financial Department.

I am directed to acknowledge the receipt of your letter No. 4259 S. R., dated the 6th August 1895, proposing the insertion of a new rule after Rule 4 (12) of the Bengal Opium Rules, with a view to provide for the transit, without a pass, of medical opium sent from the Patna Factory, or morphia from the Ghazipur Factory, to any part of India.

2. The object in view cannot, I am to say, be secured by any alteration in the Bengal Opium Rules. The Government of Bengal may, with the previous sanction of the Governor General in Council, make a rule under section 5 of Act I of 1878 to regulate the transport of opium within the territories administered by His Honour the Lieutenant-Governor, but the proposed rule would not be operative in Bombay or in other Provinces.

3. The matter may, however, be arranged by the issue of executive instructions to the Governments of the Provinces for which such consignments of medical opium and morphia are intended, and through which the consignments have to pass, and the Government of India are prepared to issue the necessary orders, if His Honour the Lieutenant-Governor will be good enough to say to what places in India medical opium and morphia are supplied.

No. 5923 S. R., dated 29th November 1895.

From—H. H. RISLEY, Esq., C.I.E., Secretary to the Government of Bengal, Financial Department,
To—The Secretary to the Government of India, FINANCE AND COMMERCE DEPARTMENT.

With reference to your letter No. 4412 S. R., dated the 12th September 1895, I am directed to submit the accompanying copy of a letter from the Board of Revenue, No. 1017 B., dated the 8th November 1895, forwarding a list of offices and places to which medical opium is supplied from the Patna Factory, and to request that the Government of India may be moved to issue the necessary instructions to the Governments of the Provinces concerned for the transit of the drug without a pass. As regards the issue of morphia from the Ghazipur Factory, it will be seen from paragraph 2 of the Board's letter that these alkaloids are sent all over India, and that they have never, so far as is known, been detained for want of a pass.

No. 1017 B., dated 8th November 1895.

From—The Secretary to the Board of Revenue, Lower Provinces.
To—The Secretary to the Government of Bengal, Financial Department.

With reference to Mr. Egerton's endorsement No. 524 T. F., dated the 25th September 1895, forwarding copy of a letter from the Government of India, Finance and Commerce Department, to your address, desiring to be informed of the places in India to which medical opium is supplied from the Patna Opium Factory, and morphia from the Ghazipur Factory, in connection with the proposed insertion of a new rule after Rule 4 (12) of the Bengal Opium Rules to provide for the transit, without a pass, of medical opium and morphia to any part of India, I am directed to submit herewith, for the information of Government, copy of a list received from the Opium Agent of Bihar, showing the names of places in India to which medical opium is supplied from the Patna Factory.

2. In reply to a reference made to the Opium Agent of Benares in regard to the issue of morphia from the Ghazipur Factory, the Board have been informed that the alkaloids sent from the Ghazipur Opium Factory are not subject to detentions, and have never, so far as is known, been detained for want of a pass. The alkaloids, the Agent adds, are sent all over India to those entitled to receive them, and he is of opinion that nothing but a general order of Government would meet the case.

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL,
FINANCIAL DEPARTMENT.

Calcutta, the 19th February 1896.

SIR,

I AM directed to acknowledge the receipt of your letter No. 5923 S. R., dated the 29th November 1895, forwarding a list of offices and places to which medical opium is supplied from the Patna Factory, and requesting that the Government of India may be moved to issue the necessary instructions to the Governments of the Provinces concerned for the transit of the drug without a pass.

2. In reply, I am to enclose a copy of a letter from this Department, No. 838 S. R., dated 19th February 1896, requesting the Local Governments concerned to issue such instructions as may be necessary to ensure that the import or transport of medical opium consigned from the Patna Factory to a Government Medical Store Depot or to the Administrative Medical Officer of any Local Government or Administration shall not be interfered with, although such opium may not be protected by a pass. As morphia sent from the Ghazipur Factory has on no occasion been detained for want of a pass, it has been considered unnecessary to make any reference to morphia in the instructions.

3. The Government of India have considered in this connection the necessity for continuing the direct supply of medical opium to the dispensaries, municipalities, and Civil Surgeons mentioned in the list received with your letter, and have decided that these institutions and officers should not be supplied with opium direct from the Factory. I am to request that the Opium Agent, Bihar, may be so informed.

4. Separate instructions regarding the manner in which charitable dispensaries and hospitals should obtain their supplies of medical opium will be issued shortly.

I have the honour to be,

SIR,

Your most obedient Servant,

Calcutta, the 19th February 1896.

SIR,

I AM directed to forward a copy of the correspondence noted in the

margin, regarding the transit of medical
opium from the Opium Factory at Patna
to other parts of India.

2. I am to request that, with the per-
mission of ^{His Excellency the Governor in Council}
^{His Honour the Lieutenant-Governor}, such

executive instructions may be issued as will ensure that the import or transport
of medical opium consigned from the Patna Factory to a Government Medical
Store Depot or to the Administrative Medical Officer of any Local Government
shall not be interfered with, although such opium may not be protected by a
pass. The Hyderabad and Mysore Medical Store Depôts may be treated in
this respect as if they were Government institutions, and the free transport,
through British territory, of medical opium consigned to them may be allowed.

3. The list, forwarded by the Government of Bengal with the letter of
the 29th November 1895, shows that, besides Medical Store-keepers to Govern-
ment, medical opium is at present supplied direct to dispensaries, municipalities,
and Civil Surgeons. This arrangement is in the opinion of the Government
of India unnecessary and inconvenient, and the Government of Bengal has been
informed that in future medical opium should only be supplied to Government
Medical Store Depôts and to the Administrative Medical Officers of Local Gov-
ernments. Charitable dispensaries and hospitals should, therefore, in future
obtain their supplies of medical opium from Administrative Medical Officers, and

orders regulating the conditions under which the opium will be supplied to these institutions will be issued shortly.

I have the honour to be,
