I believe owing to delay in acquiring a site whereon the building could be erected the work was not started in 1893 or 1894.

In the meantime owing to the extension of the P. I. R. to Dharmavaram work of the Company's employees had been with drawn from Bellare and were employed on the Lillyburam Dharmavaram Section the greater number being at Pakala Junction. In my letter No. 9 dated 30th April 1895, I accordingly pointed this out and requested that the construction of the Ammagory originally intended for Bellare might be carried out at Pakala instead. This proposal was sanctioned by Government vide P. I. R. No. 1376 H. dated 10th June 1895.

The Plans and Estimates were, I understand, then transferred from the Bellare District to the Bellare District and are now in the hands of the Executive Engineer of that District. I have the honor to be
