Letter to the Secy to the Govt of
India, Home Dep.

Sir

I am directed to invite your
attention to my letter No. 202 dated
27-2-96 recommending that the
Rt Honble the Secy to the Govt of India
be addressed at a very early date
with regard to the proposed appointment
of an additional Secy to this
Govt, and to enquire when a
reply thereto may be expected.
I am to add that the proposed
statement called for in your telegram
No. 140 of the 27th February 1896
dispatched on the fourth March, 96
by ditto, ~~has been forwarded~~ ^{has been forwarded} ~~has been forwarded~~
~~has been forwarded~~ ^{has been forwarded} ~~has been forwarded~~
in view of the
urgency of the matter, as explained
in para 9 of my letter ^{referred to} ~~referred to~~ above.

I send you herewith the
the papers regarding the Boston Leaf which
you said that you thought better we would
like to see.
More in G.D. No. 202 dated 8/2/36 relate to
our last attempt. You will find in
the note for Boston (you should read
the whole lot). What I believe to
be a big fair and remarkable statement.

of the case. It most certainly does not paint
the City.

Expectation that I should be able to
keep work current here has not been
realized & it was based upon the assumption
that I should deal with a "black table"
which I certainly did not do. In fact, I had
several papers undelivered on and there
were many letters and some of them being
heavy for this year.

That I work like a galley slave I
don't think that any one will deny.
I never go anywhere - and though I am
neglected of work owing to my being
absolutely over-driven - I stick to it
as I think that every servant ought to
earn his pay. I believe that I can
afford to be an experienced and
quick workman. Whether I am or
not I have done my best. I have

checked everything for my work and I find
it utterly and absolutely impossible for me
to get through it and keep ahead down the
work is more than any human being can
get through without scrambling and
and scrambling too.

I know more about it than any one else
and consider that I have a right to
be held to be an expert. I foretell
long ago what would come and it
has, ~~announced~~ it is daily growing
worse, and before long a lock and
a deadlock will take place.

Yours sincerely

Edwin Chadwick

As the G. in C. ~~usually~~ trusts that
it may be found practicable to
obtain ~~my~~ very early sanction to
the proposed appointment.

Submitted for approval.

The administrative reports will soon
be coming up for review and they
will add to the already heavy
work of the C.S. If legislative
business is to be carried on up
here it will be impossible for
me to attend to this and
get through my other work
without assistance - one or
the other must suffer.

I quite think so 23/5/86
