The explanation under Columns 2, 3,
7 and 10 may be taken under "Ex-
planation of abbreviations," all ab-
breviations being collected together.

The explanation under Columns
8 and 9 may be omitted as it is not
required in the Civil List.

7 and other pages. The Hon. Mr. Grose and other
civilians, who are Fellows of the Madras
University.

The dates on which they were appointed
as Fellows may be omitted.

The detailed sub headings.

This is the correct designation C.B.

here under Official memorandum from Government N^o 1769 Public dated 11 September 1879. But they should go to part XXIX page 243 of the Civil List under the standard arrangement laid down in resolution N^o 3773 dated 25 September 1871 of the Government of India.

182. The abbreviations may be taken to the general list of abbreviations

203. Chaplains of Coonoor, Wellington &c. holding tenure appointments. The date of appointment may be added in order to show when the officer has to vacate the appointment.

208 to 211. Chaplains visits to outstations.

It is for Government to decide whether this information should continue to appear in the Civil List. I think it may be omitted. If necessary it may be separately printed and circulated to

Chaplains.

212 & 213. Clergy of the Church of England other than Government Chaplains.

This was entered here under official memorandum from Government N^o 1769 Public dated 11 September 1879. It is for Government to decide whether the matter should continue to be shown in the Civil List. The Northwest Provinces, Bombay and Bengal Civil Lists do not contain this information.

214 to 216 Lay Trustees and Church Wardens. Inserted under Official memorandum from Government N^o 1769 Public dated 11 September 1879. It is doubtful whether this information is of any general use so far as the Civil List is concerned. It is not found in the North West Provinces, Bombay and Bengal lists.

221. Presidency District Surgeons. It would be convenient if the limits of each of the Districts for Presidency

Surgeons were given as a foot-note.
226 to 228. Deputy Inspectors of Vaccination

These were inserted under Official Memorandum
No. 1769 Public dated 11 September 1879. It
is for Government to decide whether
these petty officers on small pay should
continue to be shown in the Civil
List.

231. ✓ "Officers lent to Native States &
I think this should not appear under
"Political Department" but should go below
Officers deputed on special duty with a
heading of its own on page 241.

240. ✓ Sanitary Engineers and his Assistant
This should go under the Part for
Medical (Sanitation) on page 218 under
which head it appears in the Bengal
and Bombay lists.

283 to 380. Municipal Councils and District
Boards. Inserted under Official memorandum
from Government No. 1769 Pub dated 11 Sept '79
They

7
They occupy 78 pages and it is therefore
for Government to decide whether this
information should stand in the Civil
List. If it is decided to omit it and if
the information is required by District
Officers, it may be printed separately
as an appendix which can be sent
only to those officers who really require
it.

Offg. Assistant General.

FOR ORDERS

Of the suggestions for the improvement of the Civil List contained in the memorandum forwarded by the A.T. with the above current, the following are submitted for orders

[To. XXXX] on pages 4 & 5 of the A.T.'s memorandum -- The A.T. points out that a greater part of the information on this subject is contained on page 4 and suggests that all the items from "1st Member" to "Secy: to the Commissioner of Rev: Settlement etc" might be omitted, and a remark entered to the following effect "For details see page 4" or if Govt. seen no objection the last three appointments, viz., the 1st Asst: and 2nd Asst: to Commr: of Land Rev: and the officer on special duty may be taken from page 54 to page 4 and the whole of page 54 may be set free. In G.O. N. No. 643, d/ 17th June 1891, it was directed that none but gazetted officers should appear on what are now pages 3 & 4 of the list. One of the three officers referred to by the A.T. is a gazetted officer and the question therefore arises as regards only two viz. the 1st and 2nd Assts. to Commr: of Land Rev: The

best way seems to omit this altogether from page 24 and not to put them on page 4. They already appear on page 247.

No. LVIII on pages 6 & 7 of the A.G.'s memorandum --- The Customs Collectors at out ports who are shown on pages 122 & 123 draw salaries ranging from Rs. 35-100. The A.G. seems to consider that these petty appointments should not appear in the Civil List and it is submitted that they should be omitted.

No. LXIV on pages 8 & 9 of the A.G.'s memorandum--- The A.G. is of opinion that the list of Chaplain: stations and of out-stations periodically visited by them ^{shown} ~~shown~~ on pages 300-311 might be omitted and that, if necessary a list may be separately printed and circulated to Chaplains. It does not seem necessary that the Civil List should contain this list. The Rt. Rev: the Bishop and the Senior Chaplain of the Church of Scotland might be requested to arrange to have printed ^{a list} ~~a list~~ once a quarter and circulated to Chaplains, the A.G. and to Govt.

No. LXV on page 9 of the A.G.'s memorandum--- The A.G. points out that the Civil Lists of H.W.P., Bombay and Bengal do not contain the list of clergy of the Church of England other than Govt. chaplains which are shown on pages 312-3 of the Madras Civil List. It is submitted that this list should be expunged from the Civil List.

MA.
Their pay is small, but the posts they hold are important, in Customs & other. For that reason I think they should remain.
MA.

This is of interest up country for the laity for brother baptisms & marriages & also for church services. I wd retain it.

10
No. LXVI on page 9 of the A.G.'s memorandum--- The A.G. is doubtful whether the list of Lay Trustees is of general use so far as the Civil List is concerned. He states that such a list is not found in the Civil Lists of the H.W.P., Bombay and Bengal. It is submitted that this list should be retained. The Lay Trustees are appointed by Govt. and there should be some authenticated list of them.

No. LXVII on page 10 of the A.G.'s memorandum--- By: Inspectors of Vaccination are shown on pages 306 of the list. It is submitted that these petty officers on small pay should not continue to be shown in the Civil List.

No. LXVIII on pages 10 and 11 of the A.G.'s memorandum--- The A.G. questions whether the list of Municipal Councils and District Boards on pages 303-330 should be in the Civil List and suggests that if it is decided to omit the list and if the information is required by District officers, it might be printed separately as an appendix ^{those} which might be sent only to officers really requiring it. It seems doubtful whether this suggestion should be accepted. It would save some paper and printing if the list were separately printed as suggested by the A.G. and distributed only to those officers who require it, but the work of correction and of printing would not be lessened if this were done. The list may, it is

thought, to be retained.

IMPROVEMENT OF THE CIVIL LIST.

(FOR ORDERS)

I note that the list is inaccurate on p. 183, list of Port-officers. In addition to messrs. Simpson, Layton & Brown, the following port-officers also are Customs Comrs. messrs. Jesty, Boas & Leverett. I found this out from the list on p.p. 122, 123 wh. the A.G. would omit. The information was required today in a paper.

But we must retain the list on p.p. 122, 123 or insert in the remark Col p. 183 the Port Officers who are also Customs House Offs.

I have much to do with the CS. with reference to the Port Secy's remarks against B & C. The Port Secy with ref. to Chief Secy's remarks C.

I should prefer the former alternative

In the memorandum forwarded with his letter read above the Asst. Secy. makes certain suggestions for the improvement of the Civil List.

2. Page 84. It is observed that the officer on special duty in the Bd. of Revenue has been ^{replaced by the recently appd.} ~~converted into an Asst. Secy~~ ^{post.} a gazetted ~~officer~~. His name, therefore, appears on page 4. The two appts of 1st and 2nd Assts. to the Comr. of Land Rev. already appear on page 247. Page 84 may therefore be set free.

3. Pages 122 & 123. The Customs Collectors at Out-ports, though drawing small pay, hold important posts, and the list should be retained.

4. Pages 208-211. The list of Chaplains' stations & of stations periodically visited by them being of interest in the Museum, and to the laity for baptisms and marriages as also for church services, should be retained.

of the Church of England other than foot. Chaplains is unnecessary and should be omitted.

6. Pages 214-216. ~~the list of day~~

Trustees ~~who~~ are appointed by foot ^{and the Govt} should be retained.

7. Pages 226-228. The foot agrees with the Act. Genl that the list of Dy. Inspectors of Vaccination should be omitted.

8. Pages 303-300. The suggestion of the Act. Genl, that the list of Municipal Councils & District Boards might be omitted, and printed separately as an Appendix for the information of District Officers, (if necessary), does not commend itself to foot.

9. The remaining suggestions of the Act. Genl are approved and all the amendments should be carried out in the next issue of the Quarterly Civil List.

10. It is observed that the Civil List is inaccurate on page #3. From that

page

page it would appear that only Messrs Simpson, Car-lyon, & Brown are Customs Collectors, whereas it will be seen from pages 122 & 123 that Messrs. J. C. Boas and Leverett also hold ^{the} offices.

From Order.
