

Public (1896) Department.

ORDINARY MS.

G.O., No. 725

Dated 10th July 1896

[Despatch Abstract.]

ABSENCE OF COLLECTORS FROM HEAD-QUARTERS.

Informing the Collector of North Arcot that he need not disarrange Jamabandi in consequence of G.O. No. 627, Public, dated 13th June 1896, directing that every Collector should, when he is absent from his head quarter station within the district, place a Deputy Collector and Magistrate with 1st class powers at the head-quarters station; and pointing out to the Collector of Cuddapah that as Saiyid Qadir Badsha Sahib is a Magistrate of the 1st class, he will fulfil the requirements of the above Government Order.

No. 329

From

C. H. Manning Esq.
G. STOKES Esq.,

by Collr. & Dist. Magte. of Salem.

To

The Chief Secretary to Government,
Judicial Department
Madras.

SIR,

With reference to Government
Order no. 647 Public, dated 13 June 1896,
I have the honor to bring to the notice
of Government, the inconvenience
arising from the promulgation of
the rule, that when the Collector
and District Magistrate is absent
from his Head Quarters station,
within the District, he should place
a Deputy Collector and Magistrate
with First Class powers at the
Head Quarters Station. There is at
the head quarters of this District
only one general Deputy Magistrate

with such powers, and under
the above rule, I cannot go out in
camp unless the Deputy Collector is
available or if he has gone out
until he is recalled to be in
charge of the Head Quarter station.
Under Board's Proceedings no: 150, Land
Revenue, dated 29 March 1893,
I am required to leave in the District
for two months and the Deputy Collector
for two months and a half in
each half year. Thus there will
be difficulty in the way of com-
-pleting the required amount of
touring, and inconveniences will
arise either from myself and the
Deputy Collector both being absent
(as during Jambhudi time)
at the same time, or from one
having to wait for the other
when going in to camp.

The Treasury Deputy Collector

remains always at the Head Quarters
station except when he goes out
in intervals for the inspection of
Sub Treasuries, which does not,
at the most, occupy more than two
months a year. Government Order
no: 2678, Provincial, dated 18 November
1880, seems to allow the employ-
-ment of Treasury Deputy Collectors
(when they happen to be magis-
-trates) in magisterial business
in cases of emergency. But it
is submitted that my Treasury
Deputy Collector has never been
a magistrate.

3. In these circumstances, in
view to avoiding the above
mentioned inconvenience, I
beg to request that my Treasury
Deputy Collector may, as a special

Chittoor 4th July 1896.

Ref No. 1913 of 1896.

FROM

J. R. H. Campbell, Esquire
Acting COLLECTOR AND DISTRICT MAGISTRATE,
North Arcot,

TO

THE *Chief Secretary*
to Government.
Public Dept.

SIR,

With reference to G.O. No 627
dated 19th June 1896, I instructed
the Head Quarters of Collector to
stay in Chittoor from 6th July to the
end of the month during my absence
from Head Quarters on tour. The Deputy
Collector has however reported that he
is engaged in the annual Settlement
of the Hallow Taluk and that being
also in charge of the Head Assistant
Collector's Division he has in hand
the supplemental zamindari of
Chandragiri Taluk and the checking

of the Cash accounts of a Raja Taluk. 0 0 3
He represents therefore that his enforced
retention at Head Quarters during the
greater part of July will cause
the greatest administrative inconvenience
which is no doubt the case. The other Divisional
officers also have to do a portion of the
Ganabandi of the Taluks assigned
to them for settlement. Besides, they
have to conduct the Supplemental Ganabandi
of the Taluks in their own divisions.

Under these circumstances, I cannot
without great inconvenience to public
business, place my Deputy Collector
and 1st class Magistrate at the Head
Quarters Station during my absence.

The consequence is that if the G. & R. referred to
is to be strictly observed I must remain
in Chittoor all through July. This, I need
hardly mention, is very inconvenient and
will upset all my tour programme. It
frequently happens that the Collector

and all the Divisional officers of the
District, who alone are 1st class
Magistrates, are simultaneously engaged
in the Ganabandi of the several Taluks
for about 4 months in the year and
of these can be expected to remain at
Head Quarters without detriment to the
Ganabandi work. Even in the other part
of the year it cannot always be
convenient for the Collector or
1st class Magistrate to be at the
Quarters. Such an arrangement can
only be secured by the Collector and
the other Deputy Collectors arranging
their tour programmes several months
in advance and it is, I submit,
undesirable that the Collector and
Deputy Collectors should be bound
for several months in advance to
certain places on certain days.

It seems to me essential to the administration of a District that the Collector, within his district, and the Deputy Collectors, within their divisions should be free to move about as he and they please, & I would respectfully ask Government to reconsider their order on this point.

2. It is also laid down in the G.O. quoted above, that the Collector and Magistrate should arrange to have a Member of the Indian Civil Service or a Statutory Civilian at the Head Quarters Station whenever he may be himself absent from the District.

Presumably such an officer may be Magistrate of any class and of so the object the Government has in view in requiring the presence of a 1st class Magistrate when the Collector is on tour within the District and of a Magistrate

of any class when he is absent from the District is not apparent. In view

of the fact that there is at present no Head Assistant Collector in the District that the Head Quarters of Collector is doing double work & that all my Divisional officers are busily engaged in finishing the 9 am benches which ought properly to have been closed before the 30th of June, I have found myself unable to place a Deputy Collector with 1st class Magistral powers at Head Quarters during the current month.

I presume that, in the special circumstances reported, Government will permit of a departure being made from the provisions of the G.O. and acting on this presumption I have not altered my tour programme. If my presumption be wrong I shall of course

return to Head Quarters and remain
 there. I am not aware of the special
 reasons which have led Government
 to pass the order referred to. The
 Head Quarters by Collector is very seldom
 at any distance from Head Quarters
 and can generally come in, in a few
 hours time, in case of emergency. If
 this officer's proximity to Head Quarters
 is not deemed a sufficient safeguard
 it would, I submit, be far better to
 invest Treasury Deputy Collector with
 sub-class Magistrate powers (to be
 exercised only when both the District Magistrate
 and the Head Quarters by Magistrate
 are absent from Head Quarters and only
 in case of emergency) than to place
 an insurmountable restriction on the working
 of the Collector & his Divisional officers all of
 whom are obliged to be on tour during several months
 in the year.

I have the honor to be
 Sir
 Your most obedient servant
 R. K. S.

To the Chief Secretary to Government
Public Department
Madras

Sir

With reference to Extraordinary
G.O. No 627 Public dated 13 June 1906
received yesterday I have the honor
enquire whether the Deputy Collector
charge of the Treasury, Mr. S. S. S. S.
Padshah, will fulfil the requirements
of the last sentence of the order.
2/ If not it will be quite impos-
sible with the Executive District
to fulfil the requirements of the
during the early months of the year and
Jambhandi is going on.

~~2/~~ This is a very large district
18/6-06

Continuing 11 Taluqs. I have had to
 the hands of 3 Taluqs ^{Surat, Dahanu & Dahanu}
 Dahanu and Madanapalli. The Head
 Quarter Deputy Collector had to do two
 Taluqs, viz. Proddatur and ^{Madanapalli} Dahanu
 the two Deputy Collectors and the
 Collector had two Taluqs each ^{except} ^{marginally}
 with the exception of the month of
 March, which I spent at Cuddapah,
 I have been almost continuously
 absent from Head Quarters since
 January last. Unless the Treasury
 Deputy Collector will fulfil the require-
 ments of the G.O. I do not know
 how I can comply with the order
 without most serious detriment
 to the District administration. ^{the magnitude of}
 European Assistant I have in the
 large District is the Sub Collector.

I have the honor to be,
 Sir,
 Yours most obedt servant,

D. V. Thorpe in p. 305. 10
his letter N° 278 in p. 6.
662 sub of 3.8.95.

Attention is invited
to that p. 6. and the notes
therein.

With reference to the
present current it will
be observed that D. Subbappa
disapproves of the suggestion
made by D. King in para
3 of his memorandum
to place the investigations
of medico-legal questions
in the hands of a general
chemist such as he
(D.K.) describes - as well
as of the arrangements
proposed in para 4 of
that memorandum for
providing a suitably
trained local Bac-
teriologist.

In regard to the
training of a local officer as
a chemical & bacteriologist
see letter to India N° 106
of 22.1.96. It is suggested
that the current may
be sent to the D.P. J. for an
expression of his opinion.

Bacteriology

Treatment that we have in
Madras within the means of
satisfying patients, not this
knowledge has to be dealt with?
The same may be said with reference
to anti-cholera inoculation -
I think we must face these
questions and that if the end of
the matter is regarding the health of the
people of the hospital which is now
in progress should eventually in p. 3
that, in order to answer these questions
satisfactorily, we need another officer
we must go to India & get.

Hon W. H. W. Bliss C.I.E.

The first thing, then, to be done is to
get the medical college & hospital
questions settled. Until that
is done it is useless to deal with
the earlier letters from the Sg.
of the San Com. -

Shaveroidea, may add,
that the San Com. means. Dr. King
usually makes his meaning clear
enough, but in this instance he
seems to have done so. All
I can make out is that he wants
another subordinate, but how he
is going to find work for him I
cannot understand.

24/2/96

We should reply to the Sg. of I as
suggested at the end of his letter
Bacteriology is becoming so
important a subject that I do
not think we shall be able

11/2 leaving

No. 715, PUBLIC, 8TH JULY 1896.

PUBLIC DEPARTMENT.

LETTER—from

THE CHIEF SECRETARY TO THE GOVERNMENT OF
FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I am directed to acknowledge the receipt of the communications noted in the margin on the subject of bacteriological research in India, and in reply to submit the following observations:—

- (i) Resolution, No. 12-Sanitary—339, dated 31st October 1895.
(ii) Letter, No. 136-Medical, dated 17th February 1896.
(iii) Letter, No. 391-Medical, dated 21st May 1896.

(i) His Excellency the Governor in Council is glad to learn that bacteriological laboratories are being established in Northern India, at which original research into problems arising in all parts of the country will be carried out, and at which young medical officers, who already go through a bacteriological course at Netley, will have the opportunity, when their services can be spared, of continuing their studies in that direction.

(ii) In regard to the specimen of water which was forwarded by the Sanitary Board, Bangalore, for bacteriological examination at Madras, I am to explain that the permanent Chemical Examiner was absent on leave at the time of the reference and to express the regret of this Government that apparently no application was made to the Professor of Hygiene, who had both the ability and the equipment for undertaking the analysis. The question of arranging for such routine investigations locally is now under the consideration * of Government, and the final orders on the subject will be communicated to you in due course.

* G.O., No. 714, Public, dated 8th July 1896, copy annexed.

(iii) As regards the deputation of young medical officers to Agra and Calcutta for training at the laboratories established in those places, I am to say that the Government is unable, owing to great paucity of officers, to at present spare any one, but that the earliest opportunity of deputing a suitable officer or officers will be taken.

I have the honour to be,

Sir,

Your most obedient servant,

OOTACAMUND,
8th July 1896.

Chief Secretary.

Erd. A. Raith.

Govt. of {1896} Madras.
PUBLIC.

Issued

Recd.

Encl.

G.O., No. 714, 8th July 1896.

JULY.

Bacteriology.

Calling for information from the Surgeon-General, &c., regarding the measures to be adopted for bacteriological investigation in this Presidency; and addressing the Government of India on the subject.

(ii) for teaching the science theoretically at the Medical College and practically to young medical, sanitary, veterinary and other officers at a laboratory;

(iii) for practical bacteriological investigations required by the Sanitary, Vaccine, Veterinary and other departments.

3. The measures to be adopted as regards original research and education in bacteriology must depend on the ultimate results of the re-organisation of the Medical College and the redistribution of work among the chief medical officers of the Presidency town.

4. As regards the provision to be made for the practical bacteriological investigations of the Sanitary and other departments, full information should be furnished with statistics and rough estimates of cost on the following points:—

(i) For what departments of the public service practical analyses of this kind should be undertaken.

(ii) What particular articles should be subjected to bacteriological examination besides water. Surgeon-Lieutenant-Colonel King's reference to "the aiding of sanitary precautions by the early identification of well-known microbes" seems somewhat indefinite and might be amplified.

(iii) What amount of work will be required of the bacteriologist by the Sanitary Board in connection with actual local requirements, apart from general and theoretical researches.

(iv) What portion of the work can be undertaken by the Chemical Examiner, and by the Professor of Hygiene, if he is relieved of the charge of a certain number of beds.

(v) What additional establishment would be required in each of the existing departments to carry out the necessary reforms.

5. It is to be regretted that in an isolated reference of the kind such as was made from Bangalore, the investigation of the sample was not undertaken by the Professor of Hygiene, who is reported to have had both the ability and equipment necessary for the purpose. It is not clear why no reference was made to him.

6. The Surgeon-General will in due course report the names of such officers as can be spared for training at the laboratories in Agra and Calcutta, in accordance with the scheme proposed by the Government of India.
