2. The necessity of constructing these quarters was fully explained to the Hon'ble Mr. Bliss, C.P.E. during a late visit he made to the hospital. From

SURGEON-MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.I.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

Public Department.

SIR,

With reference to your Memorandum No. 1154, Public, dated the 8th June 1896, I have the honour, in transmitting the plan and estimate therein forwarded, to state that the three rooms alluded to are absolutely necessary. One is intended for European and another for Native Apothecaries. Separate rooms are, therefore, essential for each of these Classes of Subordinates. The third room is required for the Dental Surgeon's use as the room so marked in the plan is now occupied as the day room of the Apothecaries on duty and is constantly in use after 9-30 A.M. for the reception of the accident and other cases that come for treatment at all hours of the day and night.

I have the honour to be,

Sir,

Your most obedient Servant,

C. Sibthorpe.

of the General Hospital for Apothe-
ceries are absolutely necessary.

H.M.

Submitted to the H.M.
with reference to his note d/2.6.96
on C. 1720. It will be seen that
one room is for Europeans and
the other for Native Apothecaries.
The third it would appear
is for the Dental Surgeon,
his room being used as the
day room of the Apothecaries
on duty, and for the reception
of the accident and other cases
that come for treatment at
all hours of the day & night.
The Surgeon, it is thought,
might well have mentioned
this before.
