Proceedings of the Board of Revenue

(Separate Revenue.)

Dated 16th June, 1896.

Ms No. 2509

Read the following letter from the Deputy
Commissioner, Southern Division dated
15th May 1896, No 2140.

"I have the honor to submit herewith
for sanction an indent for overcoats re-
quired for the Petty officers and persons
employed at the Kandamangalam Station
when inspecting the Villupuram Circle
in November 1894. Assistant Commissioner
Negapatam Sub Division wrote as follows

"I have ordered for indent for over-
coats for the men of the Kandamangalam
chowkie as they have to go out in all-
weathers for searching the train and the
uniforms

uniforms are getting spoilt. They have
several times got wet through in the
middle of the night when the train arrives
and therefore it is necessary that we should
look after their comfort if we want
efficient work done. Either overcoat or
thick uniform is necessary. The proposal
to supply overcoats was approved by the
then Deputy Commissioner and has my
support in view of the fact that the
Railway trainees have to be searched in
all weathers at stated times and unless
the men are in some way protected from
getting drenched in wet weather, the
temptation will be great to neglect
an important duty in the absence
of a trustworthy officer to supervise
them."

Resolution.

Resolution.

The Board begs to request
that sanction may be accorded for
supplying biennially a water proof
cape and a turband cover to each of
the two petty officers and 10 peons
employed at the Kauda mangalam
Sagar station in the Villupuram
circle. These men have to attend
the trains running on the Pondicherry
railway line at fixed times in all
weathers for the purpose of searching
them and to prevent the smuggling
of dutiable goods, and it is con-
sidered necessary to afford them some
protection in wet weather.

2. The cost can be met from general
savings in the current year's budget
and provision will be made for it
in future budgets.
