Public DEPARTMENT.

SURGN.-MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.I.,

GOVERNMENT OF MADRAS,

222

20th } April

1896

Received

Subject.

Forwarded copy of report received from Supt. Hernandez of "Karlshausen" St. regarding exemption from payment the allowance already drawn by him with the request that the retrenchment be reversed so far as a special allowance and reimbursement of his for any expenses incurred by him.

9936. Cotacambú 29 March 1891.

From J. R. Fernandez
22nd Medical Assistant
Public Hospital.
Cotacambú.

To Mr. Emil Surgen
Cotacambú

Sir,

With reference to your endorsement 79/650
the 27th, communicating me the C.O. 79/30,
dated 27th June, herewith returned, I humbly
beg leave to submit the following with a request
that the same may be forwarded to the Surgeon
General for favor of consideration.

I beg to state in detail my grievances about the
late suggested C.O. as one is allowed to
that while receiving the order, the words "allow-
disallowed" greatly confused me and the word
"allowance" already drawn to be retrenched" very
shocked me.

It would be clearly seen from the 1st part
of the Surgeon General's letter that it was Dr.
Major G. X. Walker, M.D. who was well aware
the demands of the station and who was con-
noticing my heavy work, through his most
sympathetic and generous feeling was
to recommend for an allowance.

It was a pity that Officer recommended
and got me a special allowance that
allowance to be paid to me.

Very respectfully,
J. R. Fernandez

able to put by a few Rupees for some unavailing
miscellaneous family expenses that arise in
course of the year, and in addition to the disa-
ppearance of the order of retrenchment be brought into for
it would be simply inflicting considerable
hardship and loss both on myself & family
with no advantage to be gained by my extra
heavy work performed without a claim.

5. Further I beg to point out that properly
speaking, there should be a separate medical
subordinate of, at least, of a 2nd grade Hospital
Assistant to attend to the out-patients Dept.
St. Bartholomew's Hos^l and his pay would
be Rs 15 + 5 per month. A separate medical
subordinate was appointed for the same Hos^l
been addressed so that extra work for the post
be done, which means a saving of a little
above Rs 100/- either to the Govt, Municipal
or the Managing Committee of the Hospital.

6. Unfortunately our Code does not provide
for sanctioning any allowance to me and as
the Govt allowed Rs 10/- from the Jail fund
it would be perfectly rational and just if
either the local Municipal or the Managing
Committee of the Hospital be addressed or
written and necessary recommendation
be made to them to sanction the allowance
Rs 10/- allowed by the Govt, in consideration
of my extra work and long service.

ance of Rs 10/- would be easily obtainable
verlasting if the same had been recommended
not either from the Municipality or the Managing
Committee of St. Bartholomew's Hospital.

It was only a few months back that I had
present my hardship and difficulty at this dear
station, when I was compelled to pay a lump
sum of Rs 27/- as house rent, by the Executive
Committee and from which amount I have been
indemnified by the Govt. through the kind recom-
mendation of the Surgeon. General and now
scarcely this G.O. is communicated to me for
information and guidance. I pray you to judge
yourself how much an ill-paid public
servant of my station would feel for an order of
detachment of the allowances already drawn
from proper authority and expended on various
things that are independently necessary to such
a station.

4. My family here consists of six members
including the servant and every one of us require
clothing and proper feeding to preserve
health. Dearness of the station is a fact
known to every one. My paltry pay of
5 + 5 is just enough to meet our monthly
expenses and to make a small remittance
to our parents at Lucknow. If Rs 10/-
were granted to me I should not be

up hesitation in recommending that he
should be granted a special bill allowance
of Rupees ten a month - without such an
allowance the appointment would be very
unpopular and it would be difficult to get
a good man to stay long in it.

I have the honor to be
Sir,
Your Most Obedt. Servant

Chincha

Surgeon Major General
Surgeon General with the Force of Madras.

Public C. 1404

The respected appeal
from Hopt. Asst Fernan-
des against the order of
retrenchment issued
in G.O. No 307. Pub. dt 28.2.96
was recd. from the S. G.
on the 20th April last, since
which date it has been
with the S. G. It has just
come up with a dirty illeg-
ible vote wh. has been
removed.

It is submitted that
to insist on the retrench-
ment wd be a harsh
measure as the man's
pay & allowance come to
only 40p. a month and
he drew the Goela 10p. under
the orders of superior author-
ity.

The S. G. further recom-
mends that the 10p. allow-
may again be granted.

As his appt to the subject
was disallowed he drew
nothing. It is not a duty of the
S. G. to

* But the S. G. still refers to his
work at the subject. He must
be that he must be at the
the first of the

Police Dept pay him and
shew hardly he asked
to stand an addl. allowance.

Apparently the man
receives nothing for the
work he does at the
Hospl. This seems hardly
fair - but whether any
allowance shd. be paid
by Govt or the Hospital
Committee is a question.

The Govt, however, finds
the M.D. ^{and} apothecary
and so shd. apparently
meet any allowance
that may be granted.

The City Municipality
is very fortunate in escape
ing ^{medical} charges owing to
the existence of the
Hospl - but it is believed
its resources are already
sufficiently strained
by other demands.

Submitted that the order
directing the return of
the allowance already
granted by the Hospital
Committee may be considered. The
order was to blame for the
fact that it was not
granted by the Hospital
Committee.

Hospl: asst. Gen.

H.M.

The order of retrenchment
may be withdrawn - It
may be hoped that the H.
will receive what is necessary

himself powers which
he does not possess
(17)

That is in them to some
extent but perhaps

by the Hospital Board
at St. Bartholomew's
Hospital, & the heavy
expenses of living & h
only, I submit that
the Municipality or the
Hospital Committee
might be asked to give
him an allowance
of £10 per annum.
