AUGUST.

General and Women and Children's Hospitals, Madras.

Communicating to the Surgeon-General letter from the Government of India sanctioning the increased expenditure involved in the proposed re-organization of the establishment of the combined — ; and requesting him to report upon the proposal of the Government of India that the Lady Wenlock Nursing Institute should be treated as a private institution.

No. 925, PUBLIC, 27TH AUGUST 1896.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

From H. J. S. COTTON, Esq., c.s.i., Officiating Secretary to the Government of India, Home Department (Medical), to the Chief Secretary to the Government of Madras, dated Simla, the 10th August 1896, No. 681.

I am directed to acknowledge the receipt of your letter, No. 137, dated the 28th January 1896, explaining the proposals submitted by the Government of Madras with your letter No. 440 (Public), dated the 31st May 1895, for the re-organization of the establishment of the combined General and Women and Children's Hospitals, Madras, and the creation of a nursing institute in connection with the General Hospital.

2. In reply I am to say that, in the circumstances explained, the Governor-General in Council sanctions the increased expenditure, the details of which are included in the proposition statement which accompanied your letter, No. 566, dated 25th May 1896, involved in the proposed re-organization of the establishment of the combined hospitals.

3. It appears from the reference to your letter of 28th January 1896 that it is intended to entertain the nursing establishment for the Lady Wenlock Institute shown in the proposition statement which accompanied that letter. As observed in paragraph 5 of your letter of 25th May last the cost of the Lady Wenlock Nursing Institute has been omitted from the proposition statement submitted with it, and the sanction now communicated does not therefore extend to the establishment of the Lady Wenlock Institute. The Government of India are in hearty accord with the Government of Madras in regard to the scheme of the nursing institute, but they consider that its position should be strictly that of a private institution (like the Countess of Dufferin's Fund) more or less connected with Government institutions and Government officers, yet resting on its own independent basis. The nursing staff will thus receive no salaries from Government, the institution being entirely a self-supporting one, and from this point of view the sanction of the Government of India to its formation appears to be unnecessary.

ORDER—No. 925, Public, dated 27th August 1896.

Communicated to the Surgeon-General who will be requested to report on the subject of paragraph 3.
