SIR,

With reference to Memorandum No.1469, Public, dated the 23rd July 1896, I have the honour to state that the Principal Medical College, Madras, was of the opinion that the cost of books for Civil Medical Pupils should be borne by the Civil Medical Department in General but was informed by this office that provision for such purchases should find place in the College budget. As this instruction was issued after the receipt of G.O.No.972, Financial, dated the 6th December 1895 reviewing the budget estimate of the Medical College, he promised to provide for it in the next year's budget.

2. In the absence of any separate provision in the current year's budget, it was proposed to meet the cost of the books from the provision under "Purchase of instruments and Chemicals" in which there is sufficient margin for the present -- item.
